October 28, 2009

Dear Parent:

The Illinois State Board of Education each year compiles a report card on every school. The School Report Card is designed to assist parents in understanding how the schools their children attend compare to others in the district and in the state.

This school report card is different from your individual student's progress report. It includes demographic information about the student body, average class sizes, teacher information, district finances and academic performance of the school as required by the federal No Child Left Behind Act.

You can view your school's report card and the report card of any other school in District U-46 by logging on to the district's website at [www.u-46.org](http://www.u-46.org). To view a school's state report card, click on "Student Learning" and then "Report Cards." You can then select the school you wish to view.

In addition to the financial information on the school report card, you can also view the district's annual budget by selecting "Financial" under "District Information" on the district website.

You may request a paper copy of the State School Report Card for your child's school, which is not the same as your student's report card, by calling 847-888-5000 x 5040.

The Illinois State Board of Education website has posted report cards for all schools in the state at [www.isbe.net](http://www.isbe.net).

Sincerely,

A handwritten signature in cursive script that reads 'Jose M. Torres'.

Jose M. Torres  
Superintendent
