

BARTLETT HIGH SCHOOL

Learning Targets

Goals for Bartlett High School:

- 1. Raise the Academic Performance of Every Student
- 2. Build a First Class Student Activities Program
- 3. Provide a Safe and Respectful Learning Environment
- 4. Foster a Professional Learning Community
Based on Creativity, Collaboration, and Collegiality

The purpose of learning targets and their quarterly assessment is to provide tangible data benchmarks to stakeholders facilitating communication leading to student mastery. This process will align curriculum, learning, and assessment improving the academic success of students.

BHS Learning Targets for Honors Geometry Quarter 3

- 1. I can identify similar figures and calculate measure using ratios, proportions and geometric means.
- 2. I can prove figures similar.
- 3. I can apply proportional theorems to right triangles.
- 4. I can solve triangles applying the Pythagorean Theorem.
- 5. I can identify special right triangles.
- 6. I can identify and apply sine, cosine and tangent.
- 7. I can identify and measure parts of circles.

Quarter 3 District Academic Vocabulary: Similar figures, ratio, proportion, scale factor, sine, cosine, tangent, arc, central angle, chord, pi	Quarter 3 Content Area Vocabulary: Geometric mean, concentric, tangent of a circle, secant, inscribed angle, semicircle
----------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------

Quarterly Assessment Format: Multiple Choice assessment
