

Advancement via Individual Determination

AVID Teachers

Dr. Kuforiji teaches 7th and 8th grades, while Miss Anton specializes in 8th grade. We both believe that AVID provides an excellent opportunity for students to focus on developing their individual skills and achieving personal growth.

Dr. Kuforiji

With 15 years as an AVID teacher, I'm passionate about education and personal growth. I love shopping, reading, and visiting my daughter in San Francisco. These activities bring me joy and balance.

Miss Anton

Originally from Spain, I've spent the past 8 years teaching in 3 different countries. I'm passionate about reading and traveling the world. My motto, "become who you are," guides my journey in both life and work.
