Message from the Principal

Please take a moment to complete the 5 Essentials Survey

It is that time of year again to fill out the 5 Essentials Survey. This survey provides a unique opportunity for teachers, students, and parents to have a voice in improving our schools. If parents have more than one child at a school, they should complete only one survey for that school. In addition, only one parent or guardian per household may participate in the survey. Parents with children enrolled in multiple schools may take the survey for each school.

We ask that you please take a moment to take this survey because we really take your feedback to heart. In addition, this is one of the metrics that ESSA measures us on – parent participation.

We want your feedback!

Thank you!

Lisa Olsem ~ Principal
