Hello students and parents/guardians of Abbott Middle School,

**In the case a student is required to quarantine**, students may use the links in this letter to meet with a tutor.

Remember, this is a service U-46 is offering to students **only if** they are required to quarantine in order to prevent the spread of COVID-19. These online sessions are not intended for students who are attending school as normal. If your child is required to quarantine, you will hear directly from one of the members of our Health Services staff.

The message was sent to all of the families at Abbott so that you have the necessary information and links if your child is currently under quarantine or required to quarantine in the future.

**Students should access their classes from Canvas whenever they are absent.** If they do not understand their assignment or need help and are having to quarantine, they should use the links below to meet with a tutor.

Additionally, **students having to quarantine may also join online tutoring on Tuesdays from 4:15 PM to 6:15 PM** with Ms. Sweeney using the link and password below: link:
