

## Elgin High School Student Bulletin

**(Mowers)** Students that are signed up for the Certified Nursing Assistant Class next year, please check your emails for details about an informational meeting about the class.

**(Mazade)** People develop pride and find satisfaction, not from doing things that are easy, but from trying things that are difficult, that most people don't even dare to aspire to. If you're looking for this sense of pride and

satisfaction, golf is for you! The happiest people have a sense of commitment in everything they do, and they approach their undertakings with passion. Golf can give you this happiness whether it's your profession or your hobby. Golf will challenge you, and it will give you a chance to test yourself. If you take the ability you have and do the best you can with it, you'll be happy. In the end, you will realize that you love golf because of what it teaches you about yourself. Register for golf camp this summer and golf in the fall. Your future self will thank you. See Coach Mazade or Coach Stewart with any questions.
