Family Portal Accounts
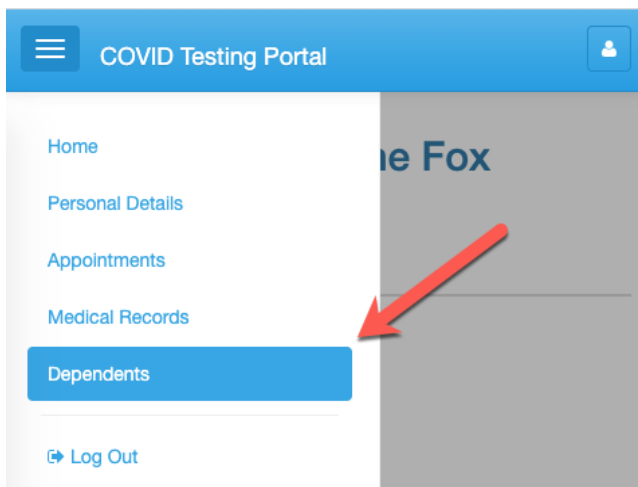

You can now create Family Portal Accounts on the [SHIELD Illinois testing portal](). This allows you to add your own dependents to the system and manage their information. Dependents typically do not receive unique login credentials. The relationship can be removed if needed due to a change in legal guardianship or when the dependent turns 18.
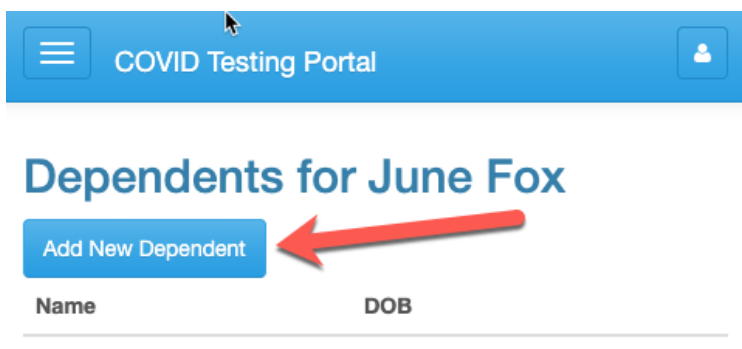

Add Dependents

Choose **Dependents** from the menu option

SD U-46 Agency Code: df5brbrj

Click **Add New Dependent**

Complete the required fields: first name, last name, date of birth, zip code, race, ethnicity, and consent text. Submit when complete.

Add New Dependent

First Name
James
