

District Collaborative Days

Secondary

On each DCD, teachers will be assigned activities aligned to the District Strategic Plan along with work of the District Professional Development Committee, Instructional Council and Multi-Tiered Systems of Support Committee. Planning for these days will be done by District administration.

Professional Practice Days

On each PPD, all teachers will select to participate in a collaborative activity with a defined group of colleagues. The focus of the collaboration will be the needs of the students assigned to those teachers through curriculum development and implementation, analysis of student growth and professional practice as defined in the Teacher Appraisal Plan.
