Message From Dr. Suzanne Johnson SUPERINTENDENT

Dear U-46 Parents and Guardians,

We are dedicated in School District U-46 to providing you with transparent information about your child's education in a timely manner.

We want you to feel comfortable addressing your questions in our district. We encourage our parents and guardians to take an active role and have engaging conversations with your child's teachers and school staff throughout the school year.

This guidebook serves as a resource for you to get answers to your questions. We recommend contacting your child's school first. Our School & Community Relations office can also provide additional assistance at 847-888-5000, ext. 5003.

Sincerely,

Dr. Suzanne Johnson Superintendent

Communicating with U-46 is Easy

With direct and respectful communication, most issues are resolved at the school level. Please present your questions or concerns in this order.

Communicating with U-46 is Easy

YOUR CHILD'S TEACHER

If you have a question or concern related to your child's learning, contact the teacher directly, using any of these methods:

- Call the school and leave a message with the school secretary asking the teacher to call you.
- Email the teacher directly.
- Send a letter to the teacher requesting a phone call or appointment.

If you haven't heard from the teacher in a reasonable amount of time, or if, after discussion, the issue has not been resolved, it may be appropriate to take the next step.

YOUR CHILD'S TEACHER'S SUPERVISOR

If your question or concern has not been addressed by the teacher, you might consult with the teacher's

At the elementary and middle school level, this would be the school principal. At the high school level, U-46 has Assistant Principals, which are administrators supervising one or more departments and teachers.

- The principal's secretary can help refer you to the best person to address your concerns.
- If your child is in middle or high school, you may be advised to talk to their school counselor.

YOUR SCHOOL PRINCIPAL

Before contacting the school principal, make sure you can clearly describe the situation causing your concern

- What are the details? (Who, What, Where, When?)
- How has your child been affected by this issue?
- With whom have you communicated about this? When?
- What outcome or solution are you seeking?

To contact the principal, call the school and request a time to have a phone conversation or meet in person. If you prefer expressing your concern in writing, you can email the principal or send a Let's Talk available at **u-**46.org/letstalk.

If, after meeting with the principal, you are dissatisfied or the situation has not been resolved, contact the district administrator who oversees the building or area of concern.

DISTRICT ADMINISTRATORS

The executive directors supervise principals at U-46 elementary, middle, and high schools, and they are overseen by the assistant superintendent of schools. To help resolve your situation, it is important for you to know the names of all the staff members with whom you have spoken and the dates of your conversations. After hearing your concerns and speaking with the school principal, the executive directors or assistant superintendent of schools will:

- Support the decision made by the principal or suggest an alternative to address the concern.
- Arrange for a phone conversation or schedule a meeting with you.
- Send you an email or letter explaining the next steps.

If, after meeting with the executive director or assistant superintendent of schools, your concerns have not been addressed, then contact the superintendent.

SUPERINTENDENT

U-46 Superintendent Dr. Suzanne Johnson supervises staff at all U-46 elementary, middle, and high schools. Only after you have completed all the previous steps should you contact the superintendent's office.

- You can contact Dr. Johnson by email or phone.
- The superintendent may arrange for a phone conversation or meeting.
- The superintendent may email you or send you a letter explaining the next steps.

If, after a conversation with the superintendent, you are still dissatisfied with the response or your concern has not been resolved, then contact the Board of Education.

Participating in Board of Education Meetings

Board of Education members may be contacted (individually or as a group) by sending an email, writing a letter, or attending a school board meeting. The board members' names, contact information, and meeting schedule are listed on the U-46 website at **u-46.org/schoolboard.** The Board of Education typically meets **twice a month**, with the exception of July and December.

School board members are elected officials and volunteers. Board members are *not* involved in the day-to-day operations of the school district. The board hires the superintendent, who is responsible for operating the school district and supervising all other employees.

Each Board of Education meeting has an agenda for public comment. To participate:

- 1. Fill out a "Request to Speak" card.
- 2. Wait for your name to be called.
- 3. Limit your comments to three minutes or less.
- 4. Keep your **comments in good taste** and demonstrate **consideration** for others.

Public speakers should *not* expect a verbal response from board members or a discussion during the meeting. If you request a response, you may receive a written response by mail or a follow-up phone call.

What is a reasonable amount of time?

While many principals and teachers make a commitment to respond to calls within 48 hours, there are many circumstances influencing what a reasonable amount of time might be. Depending on the nature, the concern, or the question, the time it will take for full resolution will vary. If the concern/issue is an emergency, parents should expect a response as soon as possible. If the concern is not an emergency, parents should expect a phone call or email within 48 hours to acknowledge the school/district is aware of the call and is working to resolve the issue. A response is not the same as a resolution of the problem, which might take longer, but the parents/callers know they are being heard.

Who to contact for school-related issues

Note: All schools are equipped with voicemail and email for parents who wish to contact a school or leave a message for staff after hours.

If your area of question or concerns is not listed below or if you need support, please use our online customer service tool, Let's Talk, at **u-46.org/letstalk.**
