Addition and Renovations:
Summer 2023 - Summer 2025

[Click here for a walk-through of the addition & renovations](#)

- The existing K-6 Hawk Hollow elementary school is being converted into a 6-8 middle school.
- The new middle school will have capacity for up to 750 students and will support a grade level center "house" approach.
- Each grade will have its own grade level learning commons, science rooms, and support spaces.
- The additions will include:
 - A new middle school appropriate media center with a maker space.
 - A collaboration stair supporting independent learning growth, small and large group work, and social engagement opportunities.
 - New appropriately sized gymnasium, auxiliary gymnasium, and fitness room spaces are added.
 - A new appropriately sized cafeteria with full-service kitchen, and stage for performances.
 - New appropriately sized band, choral, music room, and support spaces.
 - New flex labs for science and STEM learning.
- Interior renovations include:
 - The existing undersized cafeteria converted into administrative, student support, and secure main entry spaces.
 - The existing undersized gymnasium converted into grade level science labs on two floors.
 - The existing undersized library converted into modern art rooms.
