

Jason Misicka

Assistant Principal of Culture & Climate

August 2020

Hello Royals,

My name is Jason Misicka and I am entering my second year as the Assistant Principal of Culture and climate at Larkin High School. I am incredibly excited to be back in this role and serving the staff, students and families of the Larkin community. Working with students to ensure that their high school career is the absolute best that it can be is where my passion lies. It is an absolute honor to call Larkin High School my home and I am excited for what the 2020-2021 school year has in store for all of us. While I know this is not how any of us thought we would be starting the school year, the staff at Larkin High School is committed to making it the best year possible.

As the AP of Culture and Climate it is my responsibility to oversee the Dean's office, MTSS, PBIS, and overall building safety. I strive to provide our students, staff, and their families a safe place to learn, teach, and visit on a daily basis, but I do not do this work alone. I am surrounded by an amazing Dean Team, comprised of Deans, Dean's Assistant, and support staff. Together we work to ensure that all students and staff want to come to Larkin daily and know that they are supported. If you every have ideas or suggestions on how we can do things better, or support you or your students in another way; please do not hesitate to contact me.

The 2020-2021 school year is going to be unlike anything we have ever experienced. While at times it will be challenging and difficult, please know we are here to support the staff, the students, and their families in anyway that we can. Together we will make this school year one that we look back on and think "wow that was crazy, but we made it". I am looking forward to working with each and every one of you this school year and cannot wait for the day when we can all be together within the walls of Larkin High School. Go Royals!!

Sincerely,

Jason Misicka
