Hawk Hollow's Vision

We will work collaboratively to implement rigorous, standards-based core instruction and practice which shifts learning from teacher-based to student-based and fosters student agency showing improved outcomes for all.

Humanity First Thank You

I would like Riffet and Humanity First USA for donating 8 complete Thanksgiving meals to our families. We appreciate everything Riffet and Humanity First did for our families. I'm certain their Thanksgiving meals were outstanding!

Student Devices

If your child has difficulty with a device, please make sure you notify the office immediately. We currently do not have any replacement devices in our building. Hawk Hollow will need to contact the district for a replacement which typically is not delivered until the following day. If we have advanced notice that a device is not working, we can attempt to get the device to the building in a more timely manner.

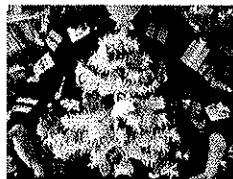

Additionally, please make sure your child has their device with them and it is charged daily. Again we are unable to provide them with a borrowed device during the school day. If your child forgets their device for school they will have the opportunity to call home.

Weather Changes

Winter is almost here and it's time to prepare! Hawk Hollow students will be going outside every day unless it is 15 degrees or colder with the wind chill factor. This includes all recess activities, arrival and dismissal times. Please be sure your child has their hat, gloves, boots, and any other essentials with them at school each day.

Students will not be permitted to go in the snow to play if they do not have the appropriate attire. This means snow pants, boots, and gloves are required for building snowmen, creating snow angels, or making snow forts. We encourage students to refrain from making snowballs or having snowball fights because we don't want children to get hurt.
