PBIS Updates

R.E.S.P.E.C.T

Little Hawks are focusing this week on being responsible, respectful, and safe. What do those skills for learning look like and how can you help with this at home? Students are expected to show respect by raising their hands and using materials appropriately. You can help with this by speaking to your children at home about their day and the expectations for learning this week. Help us make Mr. Feather's proud!

Cool Tools – Cool Tools are mini lessons targeted to social emotional learning. The PBIS team uses school wide data to determine the area of focus and then lessons are provided to teachers for their classroom instruction. This month we will be learning:

SWAP – Stop, Walk Away, and Problem

Solve – Students will learn what do when they are faced with a difficult problem with a peer. They will practice the steps and be asked to use those instead of immediately telling an adult. - Week of October 15th

Awesomely Different – Students will talk about the differences we all share. They will learn to embrace and accept one another for those differences. It's AWESOME to be DIFFERENT – presented the week of October 22nd

October 19th

Super Star Reader

Students can pay 15 Feathers to read to another class.
