PRINCIPAL'S MESSAGE

This year has been such a difficult year for all of us in so many different ways. I recognize all the struggles we've shared TOGETHER but today I'd like to focus on all the positives I've seen in the last eight months!

In March 2020, Hawk Hollow Staff banned together and created a Goggle Site for all students to access the curriculum. Staff who were not well versed in technology were supported by those who were.

Chromebooks were not evenly distributed but by August of 2020, ALL students had access to technology. We rolled out a new platform and learned even more TOGETHER!

In September, our staff presented to the cabinet sharing our goals and initiatives including our focus on diversity. The cabinet commended us for working towards equity for all students. Our morning

announcements became much more personalized with students. We focused on our diverse population by recognizing the many languages our community speaks and the holidays we all celebrate. We began SHOUTING OUT one another for various reasons which quickly became my favorite part of announcements. Our students have supported one another in break out rooms with technology glitches. Our students have supported teachers with our new technology. Our students have become so

independent. They've learned to appreciate each other, their teachers, families, and their love of learning.

TOGETHER we've grown and accomplished more than we ever knew we needed. Today and EVERY DAY I am thankful for our accomplishments!

Back to [In Person] Checklist

After many months of being home, some students may feel nervous about going back to school. This checklist is a guideline to help you prepare your child for his/her return to school.

Before going to school

- Have conversations with your child about going back to school.
- Talk with your child about safety measures and how school will look different such as wearing a mask, more frequent hand washing and using hand sanitizer, and maintaining social distancing. Desks will be farther apart, students won't share any objects, and breakfast and lunch will be grab-and-go.
- As we will not be serving breakfast at school, it is important for your child to eat breakfast each morning before going to school.
- Check your child's temperature each morning and remember to complete the online self certification form at <https://bit.ly/U46SelfCertify>.
- Have your child get plenty of rest. Get back on a regular sleep schedule by following a consistent bedtime schedule and routine, and avoid electronic devices before bedtime.
- Make sure your contact information is current at school, including emergency contacts.

Scan me to self certify

What to bring to school

- Consider packing a water bottle and hand sanitizer
- Have multiple masks that:
 - fit snugly, but comfortable
 - completely cover the mouth and nose
 - are secured with ties or ear loops
 - include multiple layers of fabric
 - allow for breathing without restrictions

Develop and practice the before and after school routine

- Getting ready for school
 - have all the items needed ready to go
 - eat a healthy breakfast; breakfast and lunch won't be served at school
 - choose an outfit the night before and make sure to dress accordingly to the weather
- Plan for transportation
 - if being dropped off / picked up at school - be familiar with the school's drop off and pick up process.
 - if taking the school bus - practice wearing a mask and social distancing at the bus stop and while riding the bus. Visit the Infinite Campus Parent Portal for the route number and pick-up and drop-off times and locations. Plan on arriving 10 minutes early to the bus stop for the first week. To reach the Transportation Department, please call (847) 888-5095.
- Students will not be eating while they are at school.
 - When dismissed from school, they will receive breakfast and lunch to go. Remind your child to not eat on the bus. The lunch meal can be eaten when they arrive home, and the breakfast can be for the next morning.
