

Mr. Feather's Headquarters

July 29th, 2019

Welcome Back!!!!

On behalf of myself and the staff at Hawk Hollow Elementary, we would like to welcome our new and returning families back to our learning community! We hope you were able to enjoy time with your families, friends, and had the opportunity to enjoy the beautiful summer weather.

We have begun preparations for the first day of school and are looking forward to helping all of our students reach their goals. The first day of classes is Wednesday, August 14th with a start time of 8:30am. Information regarding pick-up and drop off procedures will be sent out in a separate notification next week. This is my first week back in the building after my summer break and I do have meetings from time to time but will always find time for you! Please reach out if you have any questions regarding the upcoming school year! I know I speak for everyone when I say how excited we are to start the year!!!! See you soon!

Registration Event

If you have yet to register or know someone who still needs to complete this process, please come see us on **August 1st from 1pm-6pm**. We will be here to help you complete the process and answer any questions you may have. We are looking forward to seeing you!

Teacher Assignments

If your children are anything like mine, I know they are curious about their new teacher. We have one final push for registration on August 1st and then class lists will be finalized the following week. As a district we made the decision to notify all parents on the same day, August 9th. At 6pm on August 9th you will be able to log in to Infinite Campus to locate your child's teacher.

If you have any difficulty, please visit this link for support.

August 29th: Curriculum Night for 3rd-6th grade from 5:30-6:30

Summer Adventures with the Dupuis Family

This summer my family and I spent most of July traveling. We had some great adventures visiting Kentucky and California. My son had a baseball tournament in Kentucky and of course we had to visit the Louisville Slugger Museum (pictured below). Later in the month we traveled to Lake Tahoe, California which is a place our family LOVES to go! We had so many wonderful experiences like kayaking, hiking to Angora Lake , renting a party pontoon boat and enjoying a fancy dinner with our family.

Notes from the Nurse

Welcome back! I hope everyone had a restful, fun summer. Below is important information pertaining to the health of all students.

- All Kindergarten and 6th graders are required to have updated physical exams and immunizations complete by the first day of school. The student will not be able to start school until these requirements are met.
- Any student requiring medication at school needs to have a Medication Permission Form filled out by the doctor and parent. Medications need to be dropped off at school by an adult along with the required paperwork. The only exception to this in inhalers – students can bring in their inhalers. All inhalers are kept in the nurse's office.
- If your child has any health condition (asthma, allergies, seizures) please let the nurse know.
- We ask that students do not bring snacks that contain peanuts for their morning classroom snack. Students are allowed to bring food with peanuts for lunch. If you wish to send a treat for your student's birthday, it should be a non-edible treat (sticker, pencil, etc.).
- Physical Exams/Immunization Records/Medication Forms may be dropped off in the Main Office beginning August 1st or faxed or emailed to me.

Before school starts, my office hours will be:

Friday, August 9th: 10:30 am -2:30 pm

Monday, August 12th: 7:00 am – 1:30 pm, 5:30 pm – 7:00 pm

Tuesday, August 13th: 7:00 am – 1:30 pm

If you have any questions or concerns, don't hesitate to call or email me. I am looking forward to a wonderful school year!
