# The Approach

## OUR DESIGN PROCESS

### EMPATHIZE

What do we want to change?  
What are the issues?  
Who do they impact?

STEP  
01

STEP  
02

### DEFINE

What is the problem we want to solve?

### IDEATE

What possible solutions are there?  
Start developing solutions.

STEP  
03

STEP  
04

### PROTOTYPE

Create one or more prototypes to test all or part of your solution.

### TEST

Does our solution work? Continue to test and improve your design

STEP  
05
