

Social Studies Secondary SBLA

Jacob VandeMoortel, Coordinator of K-12 Social Studies & World Languages

Your Time Matters

What's happening:

In 2019-2020, secondary SS teachers will move fully into SBLA.

What that means:

Assessing proficiency using
Standards based rubrics &
Reporting that info via
Infinite Campus

How Will That Happen?

3 required PD courses:

1. **SS SBLA in IC** - Focuses on IC setup options, communicating via IC to students & parents, creating, scoring, and reporting assessments
2. **Unpacking the standards** - familiarization with U-46 C3 standards and writing formative/summative assessments and rubrics with them
3. **Lesson & Unit Planning** - Opportunities to work in building/content teams to plan lessons and units

Courses will be offered:

- On PPDs & DCDs
- During paid summer sessions
- In After School Sessions
- During the School Year
- In online format

There will be challenges.

What standards?

How will kids/parents know their grades?

How do I calculate a grade?

How will our courses change?

And LOTS of others.

At any step in this process, if you have questions, please email Jacob VandeMoortel at jacobvandemoortel@u-46.org or call on x7705.
