

NAME \_\_\_\_\_

## DAILY MATH FACT PRACTICE

### Purpose of Daily Math Fact Practice:

To promote the memorization and rapid recall of math multiplication facts

### Expectation:

- Each fourth grader is expected to practice math facts five days per week for a minimum of FIVE minutes.
- Indicate what set of facts were practiced.
- Practice can be completed in a variety of ways: flash cards, written practice, EM Games or any type of computer program.
- Indicate the method used to practice each day.
- Write the number of minutes practiced next to each date.
- Parents sign at the end of the month.
