Elective			

*Student should select courses based on teacher recommendations. Be sure to review Graduation Requirements in the High School Curriculum Guide. Consider the Career Pathway that you want to follow when selecting courses. Please return one copy of this form to teacher at the end of the day. Show the other copy to your parent(s). In the next few weeks, you'll meet with your counselor to select your courses based on these recommendations and your Career Pathway. The courses you select when you meet with your counselor are what SHS will try to put on your schedule next year. **The deadline for making any schedule changes is June 1st.**
