

OCTOBER 16, 2024

All U-46 8th grade students will take the PSAT 8/9 assessment. All students have been registered for their respective exam and will report to school at regular time.

After completion of the test, students will have lunch and complete the rest of their school day.

PSAT 8/9

1

Set a Growth Goal

You'll know your strengths and what skills you'll need to practice so you can continue to improve. Then you can track your progress when you take the PSAT 10, PSAT/NMSQT, and/or SAT.

2

High PSAT Scores Can Lead to Scholarships

The National Merit Scholarship Corp. uses PSAT scores to determine which test-takers will become semifinalists in the National Merit Scholarship Program.

3

PSAT Scores Can Indicate Future SAT Performance

Taking the PSAT can help students start making improvements and get a sense of what kind of score to expect on the SAT.

The test is digital this year - students need a fully-charged Chromebook!
