

Tackling addiction is not a solo affair

Till death do us part — you've stuck to your promise and you want it to work. Yet it's painful to watch your life partner head toward a path of self-destruction from alcohol or drug addiction. You may worry that expressing your concern appears as nagging. But you can make a difference. And we can help.

Our licensed substance use experts will:

- Advise you on how to talk with your partner about getting help
- Arrange a face-to-face evaluation by a licensed expert who will create a personalized care strategy for your loved one
- Assign your family with a dedicated licensed Care Advocate who will provide support for up to six months after treatment
