

U-46

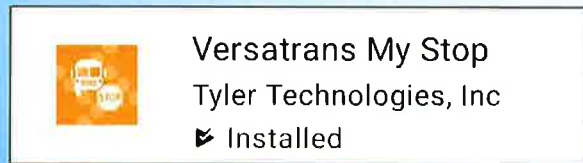

Versatrans My Stop is Here!

*Track your students bus to and from school.
Get real time information on route times and traffic delays.
All from your smart phone!*

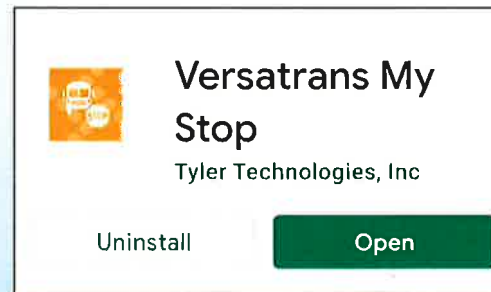

Easy to download, easy to use!

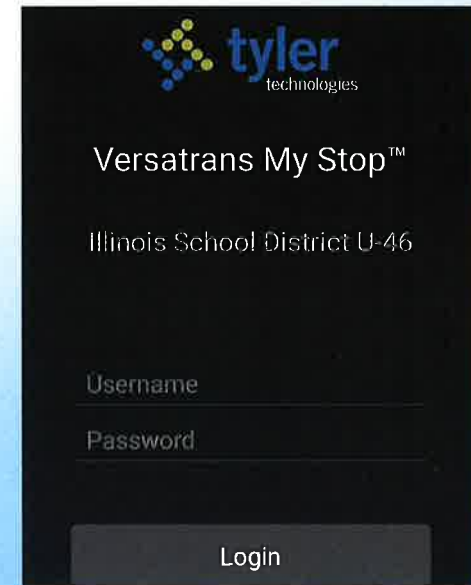

From your smart phone App Store, search and download the "Versatrans My Stop" app

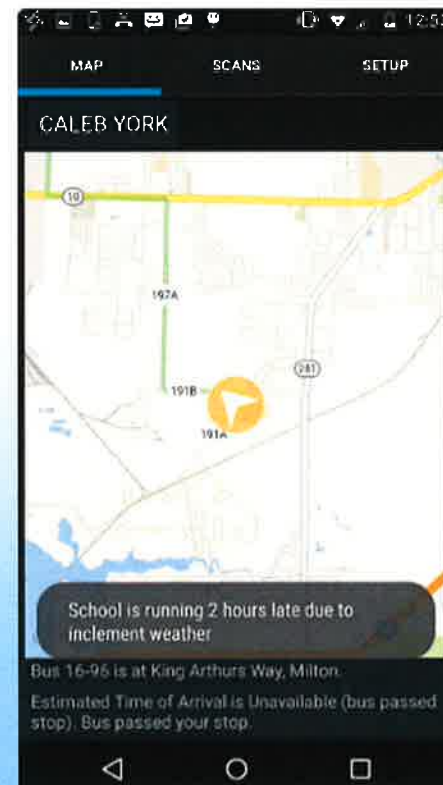

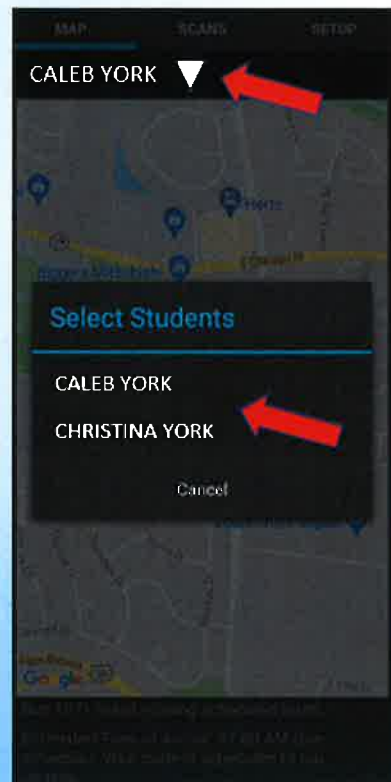

Once downloaded, open the app and store it in an easy to use location on your smart phone.

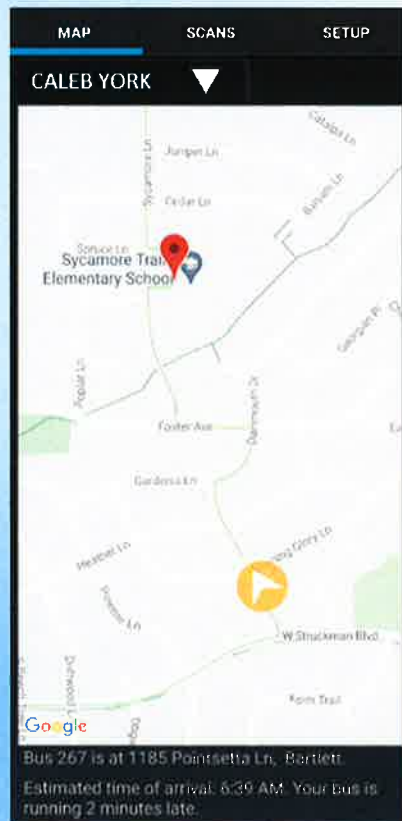

Choose "Illinois School District U-46".
Your username is your students' ID #
Your password is your students' birthdate.
(MMDDYYYY)

Once the App is logged into, you can choose between multiple students, all connected within the same household. The bus and route will only show during the route time. You will be able to view the bus moving along the route, and stopping at the scheduled stops. An updated eta will also be shown.

As the bus approaches your stop, the arrival time will update according to traffic delays, etc...

Once your bus has left your stop, it will show an eta "Unavailable" and will say "Bus passed your stop". This means the bus was there and has now proceeded with the route.
