### *2015-2016 Registration*

Parents and guardians need to register their children beginning in May. District offices will be mailing materials to your home in April so make sure your address is correct in Infinite Campus. If you need help, please contact the school at 630-213-5632. Proof of Residency is required to attend Centennial. Students not living in our attendance area will not be allowed to attend.

### *Class Placement 2015-2016*

Students will be placed in their 2015-2016 classrooms based on recommendations of teachers, Special Education personnel and school Administration. Parent requests will not be accepted.

### *Team of the Week*

Our Teaching Team of the Week is our Pre-K staff, Suzanne Bukantis and Maria Morales.

### *6th Grade Teacher to participate in Honeywell Space Academy*

Mr. Moehrlin has been accepted to participate in the Honeywell Space Academy in June. Over 2100 educators have graduated from this program since its inception in 2004. Participants will engage in activities that use space to meet math and science standards.

### *Battle of the Books*

Your Centennial Battle of the Books team took first place for the year! We ended the season with 502 points. It was a close season - Sycamore Trails had 499 points and Bartlett had 491 points. We were the only team to make it into the 500 club and we also made it into the 70 club for earning at least 70 points in every battle. Students who participated read from a list of 60 books that were a combination of fiction, nonfiction, and picture books. They had to be able to answer questions on any one of the 60 books at the battle and know the author or illustrator. All of these dedicated students worked hard all year by reading and coming to weekly practices for 6 months. Thanks to Sandy Martin and Maria Garbarz for helping coach Betsy Stoughton this year! They are a fantastic team and we are proud of every one of them!
