SAFETY FOR OUR STUDENTS

It has been noticed during primary dismissal at the main entrance, students are going in the landscape area, throwing mulch chips, and climbing on the trees and black iron fencing along the brick wall. In addition, children are running on top of the raised planter wall surrounding the trees. The areas mentioned are **not** intended to be play areas and can pose a danger to your children. For the safety of all Centennial children, please do not allow them to continue to play in these areas. A more appropriate and safer option is to take your child to the playground on the east side of the building. Our PBIS pillars of respectful and responsible behavior extend beyond the doors of Centennial. Your support in helping your child show their Eagle Pride at dismissal is greatly appreciated.
