January 14, 2019

Donna Smith, President  
Members of the Board of Education  
And Community Residents of School District U-46  
Elgin, Illinois 60120

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of School District U-46, Elgin, Illinois, (the District) as of and for the year ended June 30, 2018. The audit was completed and the Independent Auditor's Report was issued on January 14, 2019.

### **Management Responsibilities**

Management of the District is responsible for establishing and maintaining a comprehensive framework of internal control to provide a reasonable basis for asserting that the financial statements are fairly presented and to ensure that adequate accounting data is properly recorded to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). The information contained in this report is based on the comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the District as shown by the disclosure of all financial activity of its various funds; and that all disclosures, necessary for public understanding of the District's financial status, have been incorporated within this report.

### **Financial Reporting**

The CAFR includes all funds of the District and is presented in three sections: Introductory, Financial, and Statistical. The Introductory Section includes this transmittal letter, the District's organizational chart, and a list of principal officers and elected officials. The Financial Section includes the Independent Auditor's Report on the financial statements and schedules referenced below under the Independent Audit heading. The Management's Discussion and Analysis (MD&A) is immediately following the Independent Auditor's Report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction. The remainder of the Financial Section contains the audited, basic financial statements including notes to the financial statements, required and other supplemental information such as the combining and individual fund financial statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

### **Independent Audit**

The School Code of Illinois and the District's adopted policy require an annual audit of the books and accounts of the District by an independent certified public accountant in conformance with prescribed standards and legal requirements. The certified public accountant is selected by the Board of Education. The selected certified public accountants, RSM US LLP, have issued an unmodified ("clean") opinion on the District's financial statements for the year ended June 30, 2018 (pages 1 - 2). The submission of the CAFR is intended to meet these annual requirements.

The District is required to undergo an annual single audit in conformity with the provisions of the U.S. Office of Management and Budget's (OMB) Uniform Grant Guidance, formerly Circular A-133, *"Audits of States, Local Governments, and Non-profit Organizations."* Information related to this single audit, including a schedule of federal financial assistance and the independent auditor's reports on the internal control structure and on compliance with applicable laws and regulations, is included under separate cover.

## **DISTRICT PROFILE**

### **Legal Autonomy and Fiscal Independence**

School District U-46 is organized under the School Code of the State of Illinois, as amended. The District exists as a legal entity deriving its just powers from the General Assembly of the State of Illinois through the State Board of Education for the purpose of providing a system of free public education. The District constitutes a body politic and corporate with all powers as prescribed by laws including but not limited to the power to sue and be sued, purchase, hold and sell personal property and real estate, and enter into such obligations as are authorized or implied by law. It has the statutory authority to adopt its own budget, levy taxes and issue bonded debt without the approval of another government and it is not considered a component unit of any other entity.

The legal authority of the Board of Education is transmitted through the superintendent or designee along specific paths from person to person as shown in the Board-approved organizational chart of the District. The lines of authority on the organizational chart (page viii) represent direction of authority and responsibility. The Board of Education expects the superintendent/designee to keep the administrative structure up-to-date with the need for supervision and accountability throughout the school district.

### **Size and Scope**

The District is the second-largest school district in Illinois. Covering 90 square miles, the District is located approximately 45 minutes northwest of Chicago. The District serves nearly 40,000 children in grades Pre-K-12 at our 53 school buildings, one alternative high school and two pre-K centers throughout the communities of Bartlett, Elgin, Hanover Park, South Elgin, Streamwood, Wayne, and portions of Carol Stream, Hoffman Estates, St. Charles, Schaumburg, and West Chicago.

The District offers general, special and vocational education and continues to support and expand various programs including Dual Language programs, gifted offerings, social and emotional supports, and services for students with special needs. Community involvement plays a valuable role within the District and the opportunities to engage parents, businesses and community leaders have continued to increase.

### **Budget Control**

All governmental funds of the District adopt annual budgets. A report of actual activity compared to budget is prepared by the Finance Department and reported to the District's Board of Education on a monthly basis. Account balances are compared to the annual budget with accumulation to the cost center, fund and total District levels. Full disclosures are made if extraordinary variances appear during the year. Further budgetary information such as the budget process and legal level of budgetary control are addressed in Notes to Required Supplementary Information – Note 1 (page 67).

## **ECONOMIC CONDITION**

### **Local Economy and Economic Outlook**

The economy continues to show signs of growth and inflation resulting in revenue growth for the District. The area's unemployment rate has steadily declined over the past five years with population and wage growth expected to increase over the next five years. Although local property tax revenue are the district's largest revenue source, the State of Illinois contributes approximately 35% of our funding. The State of Illinois is in financial difficulty and is often slow in paying funds vouchered by the State Board of Education for mandated categorical payments, however the adoption of the Evidence-Based Funding for Student Success Act (EBF) has positively impacted the district. EBF has combined General State Aid and four (4) other categorical programs allowing the district to receive revenue on a timelier basis. The State Teachers

Retirement System pension obligation continues to be underfunded and there are proposals to shift that cost to school districts.

Approximately half of the District's revenues are sourced from property taxes. The property tax base is derived from the Equalized Assessed Valuation (EAV) of the property within the District's boundaries. District property values peaked at \$6,112,265,852 in tax year 2009 and have declined each year thereafter until hitting a low of \$4,070,166,849 in tax year 2014. The EAV over the last two tax years has increased and the most recent EAV, 2017 tax year, is \$4,743,510,739 which is an increase over the prior year of 3.28 percent. Property tax revenue growth from year to year closely tracks the Consumer Price Index (CPI) for the related period. Within the past five years CPI has peaked at 3.0 percent in 2011 and hit a new low of 0.7 percent in 2015. In 2016, the CPI has rebounded to 2.1 percent and remained constant for 2017. It is predicted to increase slightly to 2.3 for the end of 2018.

### **Long-term financial planning**

The District continues to review all expenditures to assure that the district is making efficient and fiscally responsible decisions. With its conservative budgeting, U-46 has weathered both the recession and the recent Illinois budget crisis. School District U-46 has earned the State Board of Education's top financial profile rating called "financial recognition" in fiscal year 2017 for the sixth consecutive year.

During this same time period the District's General Fund balance has increased \$150,955,234 from \$101,661,414 in fiscal year 2011 to \$252,616,648 in fiscal year 2018. Over the next five years management will continue to reduce the deficit balance in the Tort Immunity and Judgment fund while maintaining a minimum balance of 15 to 20 percent of annual operating fund expenditures to operating fund balance (Educational, Operations and Maintenance, and Transportation make up the District's Operating Fund).

In 2015 the District refunded several debt issuances originally issued from 1999 to 2009 with the purpose of improving interest rates and smoothing out the debt service payments over the next several years. As of June 30, 2018 the District's net general bonded debt was \$311,967,782, down from \$381,687,463 (18%) a decade ago. Six (6) bonds are set to expire in just over four (4) years (January of 2023) along with debt certificates and purchase contracts. Management will continue to identify and recommend solutions for maintaining a responsible level of debt while addressing the District's capital project needs and fully anticipates the outstanding debt to decline over the next few years.

### **Projected Enrollment**

The District's enrollment remained reasonably consistent from 2017 to 2018 and is projected to decrease approximately 2 percent per year over the next three years. Lower birth rates in the area over the last 5 years is the primary factor for the reduction in the projected enrollments. For further historical enrollment information refer to District Enrollment by school in the Statistical Section (page 116).

### **Age of School Buildings**

In addition to the 53 school buildings, one alternative high school and two Pre-K centers the District operates six other buildings. A majority of the buildings built before 2000 have had additions and/or renovations since they were built. The average age of the 53 school buildings, one alternative high school and two Pre-K centers, not including subsequent renovations, is 51 years. For the buildings that had an addition and/or renovation the average age of the last addition and/or renovation is 18 years.

### **Relevant Financial Policies**

The District's budget serves as the guide to direct and control expenditures and is the spending plan of the ensuing year.

The Board of Education (the Board) adopted the annual budget (September 2017), subsequent to a public hearing and prior to filing the annual tax levy. The Board recognizes the right of the public to be informed about the budgeting of public tax monies and therefore made the budget available for public examination at least thirty days prior to the final adoption as set forth in the Illinois School Code. The Chief Executive

Officer or designee has posted the District's final budget, itemized by receipts and expenditures, on the District's official website, and notified parents or guardians of the budget's posting and provide the website's address. The Board may amend the budget by the same procedures that adhere to the original adoption when transfers exceed the ten percent limitations. The Board may authorize the treasurer to make loans, interfund transfers, and transfer within funds from the Operations and Maintenance Fund, Educational Fund, Transportation Fund, and/or Working Cash Fund in accordance with the Illinois School Code.

The District seeks to maintain year-end fund balances no less than the range of 15-20 percent of the annual expenditures to operating funds.

### **Major Initiatives/ Strategic Goals**

The District's Strategic Plan is the roadmap we will use to improve District operations, student achievement, staffing, and community engagement.

While approved by our Board of Education, this Strategic Plan represents the vision of our community. Hundreds of community members, from employees to local leaders, participated in the development of the plan. Administration and Board members, working with the school consultant firm, District Management Council, led efforts to solicit community feedback through interviews, several District-hosted public meetings and calls for feedback via the District's website, social media sites and newsletters. We carefully and collaboratively wrote and re-wrote drafts to put forth a final vision that represents the shared values and goals of our many partners.

The Strategic Plan aims to guide both Board members and employees for the next five years as they work together and with students, families and our community at large to meet these four aspirational goals and priorities.

## AWARDS AND ACKNOWLEDGEMENTS

The Association of School Business Officials (ASBO) International has awarded School District U-46 its Certificate of Excellence in Financial Reporting for having met or exceeded the program's high standards for financial reporting and accountability for the past two fiscal years. The District was recognized for its Comprehensive Annual Financial Report for the fiscal year ending June 30, 2017.

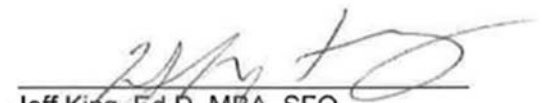

A Certificate of Excellence is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the program's requirements and we are submitting it to the ASBO to determine its eligibility for continued certification.

It is our intention that this Comprehensive Annual Financial Report will provide the District's management, outside investors, interested District residents, and any other stakeholders with a meaningful financial presentation. We hope that all readers of this report will obtain a clear and concise understanding of the District's financial condition as of June 30, 2018.

The preparation of the CAFR on a timely basis was made possible by the dedicated service of the Finance Department staff. Each member of the Finance Department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the School District U-46 Board of Education, preparation of this report would not have been possible.

Respectfully submitted,

## **Independent Auditor's Report**

RSM US LLP

Members of the Board of Education  
School District U-46  
Elgin, Illinois

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of School District U-46, Elgin, Illinois (the District), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of School District U-46, Elgin, Illinois as of June 30, 2018, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter**

As discussed in Note 1 to the financial statements, during the year ended June 30, 2018, the District implemented the provisions of Government Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* which required a restatement to opening net position. Our opinion is not modified with respect to this matter.

**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis (pages 3-11), schedules of net pension and other postemployment benefits (OPEB) liabilities, employer contributions, and budgetary comparison information and related notes (pages 58-68), be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information, such as the combining and individual fund financial statements, schedule of bonded debt and interest requirements, and the other information, such as the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The other information, including the introductory and statistical sections, has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**REQUIRED SUPPLEMENTARY INFORMATION –  
MANAGEMENT’S DISCUSSION AND ANALYSIS**

## **School District U-46**

### **Management's Discussion and Analysis For the Year Ended June 30, 2018**

---

The discussion and analysis of School District U-46's (the District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2018. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance. Certain comparative information between the current year and the prior year is required to be presented in the Management's Discussion and Analysis (the MD&A).

#### **Financial Highlights**

- The liabilities and deferred inflows of resources of the District exceeded its assets and deferred outflows of resources at the close of the fiscal year by \$20.1 million (deficit net position).
- In total, net position increased by \$40.5 million, which represents a 66.8 percent overall increase from the prior year restated net position. This increase was primarily the result of lower than expected actual expenses and higher than expected actual revenues.
- General revenues were \$470.1 million or 64.5 percent of all revenues. Program specific revenues, in the form of charges for services and grants, were \$258.3 million or 35.5 percent of total revenues of \$728.4 million.
- Overall, the combined revenues of the District's governmental funds were \$41.0 million more than expenditures. After factoring in a change of \$0.5 million in other financing sources, fund balances increased by \$41.5 million. This surplus increased the District's governmental funds' combined fund balance by 16.3 percent to \$296.0 million from \$254.5 million in the prior year.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to basic financial statements

This report also contains other supplementary information in addition to the basic financial statements.

## School District U-46

### Management's Discussion and Analysis (Continued) For the Year Ended June 30, 2018

---

#### *Government-wide financial statements*

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements present the functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction (regular education, special education and other), support services, community services, payments to other governments and interest on debt.

#### *Fund financial statements*

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds (the District maintains no proprietary funds).

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a school district's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances (deficits) provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances (deficits) for the District's major funds, the General Fund (the General Fund consists of four accounts: Educational Account, Tort Immunity Account, Operations and Maintenance Account and Working Cash Account), Transportation Fund, and the Debt Service Fund. Management has determined the Debt Service Fund to be major due to public interest. Data from the other three governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

## **School District U-46**

### **Management's Discussion and Analysis (Continued) For the Year Ended June 30, 2018**

---

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement has been provided for each fund to demonstrate compliance with this budget.

Fiduciary funds are used to account for resources held for the benefit of parties outside the school district. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that for the government-wide financial statements.

#### *Notes to basic financial statements*

The notes to basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### *Other information*

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its employees and to provide for the District's retiree's health plan.

### **District-Wide Financial Analysis**

The District's net position deficit decreased by \$40.5 million or 66.8 percent compared to the prior year, restated. At year-end, total net position deficit was \$20.1 million (see Table 1).

The District's financial position is the product of many factors. However, a few events of the last year stand out:

- The District retired \$33.4 million of general obligation bonds, debt certificates and related discounts and premiums, issued new debt certificates of \$0.5 million and increased accretion of interest on long-term debt by \$6.0 million resulting in a net reduction of general obligation bonds and debt certificates of \$26.9 million during the year.
- The District received \$157.1 million under the new Evidence Based Funding (EBF) model during the current year, which exceeded the General State Aid (GSA) revenue from the prior year by \$36.9 million.
- During the year, the District received an additional \$2.8 million in interest and investment earnings, over last year.

## School District U-46

### Management's Discussion and Analysis (Continued) For the Year Ended June 30, 2018

---

The District's total revenues were \$728.4 million. General revenues, including taxes and Evidence Based Funding were 64.5 percent of the total or \$470.1 million. Property and replacement taxes increased \$1.5 million over the prior year or 0.5 percent. Grants and contributions for specific programs and Evidence Based Funding brought in \$405.0 million, an increase of 16.7 percent over the prior year. The total cost of all programs and services in 2018 was \$687.9 million. The District's expenses are predominantly related to instruction and support services (caring for and transportation of students, etc.), which accounted for 71.8 percent of the total expense (see Table 2.2). The District's remaining activities, unallocated debt service, the State's on-behalf allocations of retirement and other post-employment benefits and community services, were 28.2 percent of total expense. Total revenues on the statement of activities surpassed expenses, increasing net position by \$40.5 million from the prior year.

**District-Wide Expenses by Function - Table 2.2**

## School District U-46

### Management's Discussion and Analysis (Continued) For the Year Ended June 30, 2018

---

#### Financial Analysis of the District's Funds

As the District completed the year, its governmental funds reported combined fund balances of \$296.0 million. Revenues for the District's governmental funds were \$645.1 million, while total expenditures were \$604.0 million. Of the revenues and expenditures reported in the governmental funds \$86.9 million of the revenues and expenditures were attributable to State on-behalf payments. These on-behalf payments include contributions made to Teachers' Retirement System (TRS) and Teachers' Health Insurance Security Fund (THIS) by the State of Illinois on behalf of School District U-46.

The General Fund experienced a current year surplus of \$29.1 million. This was due primarily to more than expected revenues from state and federal sources, primarily Evidence Based Funding. This surplus resulted in an increase in the year-end fund balance to \$252.6 million.

The revenues exceeded expenditures in the Transportation Fund by \$7.7 million. The expected excess of revenues over expenditures was \$2.9 million or \$4.8 million less than actual. This was due to higher than expected state grant revenue related to the transportation claim during the year. When factoring in other financing sources and uses the Transportation Fund deficit was reduced by \$10.7 million to a year-end fund balance of \$10.5 million.

During the year, a portion of the 2017 levy was abated resulting in \$4.5 million being transferred into the Debt Service Fund from the General Fund. This transfer accounted for most of the increase in fund balance after factoring in the deficiency of revenues under expenditures of \$3.9 million. The resulting year-end fund balance in the Debt Service Fund was \$28.6.

**Revenues by Major Fund and Aggregate Nonmajor Funds  
- Table 2.3**

**Expenditures by Major Fund and Aggregate Nonmajor Funds  
- Table 2.4**

## School District U-46

### Management's Discussion and Analysis (Continued) For the Year Ended June 30, 2018

---

#### General Fund Budgetary Highlights

While the District's budget for the General Fund anticipated that expenditures would exceed revenues by \$36.6 million before other financing sources (uses), the actual result for the year was an excess of revenues over expenditures of \$44.3 million. State revenue exceeded the budget by \$38.9 million. The property tax abatement was not included in the budget for fiscal year 2018 resulting in actual property tax revenue coming in under budget by \$2.0 million. Regular program expenditures came in above budget by \$0.5 million. Actual expenditures lagged the budget by \$2.0 million or 0.5 percent.

#### Capital Asset and Debt Administration

##### *Capital assets*

Table 3 illustrates capital assets, net of depreciation:

**Table 3**  
**Capital Assets (Net of Depreciation)**  
**(in millions)**

	2018	2017	Percentage Change
Land	\$ 28.4	\$ 28.4	0.0%
Construction in progress	9.6	5.8	65.5%
Buildings	341.7	341.9	(0.1)%
Transportation equipment	5.7	8.1	(29.6)%
Other equipment	6.7	4.9	36.7%
Total	\$ 392.1	\$ 389.1	0.8%

At June 30, 2018, the District has outstanding commitments relating to construction projects of approximately \$4.1 million.

Additional information about the District's capital assets is included in Note 3 to the basic financial statements.

##### *Long-term Obligations*

Table 4 on the following page illustrates the District's outstanding long-term obligations. The District issued \$0.5 million of new debt certificates in fiscal year 2018 and reduced outstanding general obligation bonded debt, debt certificates and related items by \$27.0 million. The District's other long-term obligations decreased by \$28.7 million. The pension and postemployment benefit liabilities decreased \$30.4 million while the lease liability or purchase contracts decreased by \$2.7 million. Claims incurred but not reported and compensated absences increased by \$4.4 million. Additional information is available in Note 4 – Long-Term Obligations.

The District is subject to the Illinois School Code, which limits the amount of bond indebtedness to 13.8 percent of the most recent available equalized assessed valuation of the District. As of June 30, 2018, the statutory debt limit for the District was \$654.6 million providing a debt margin of \$417.7 million.

## School District U-46

### Management's Discussion and Analysis (Continued) For the Year Ended June 30, 2018

The ratio of general bonded debt to assessed valuation and the amount of bonded debt per capita are useful indicators of the District's debt position to District management, residents, and investors. These indicators for the District at the end of fiscal year 2018 were 2.09 percent and \$1,334, respectively. Due to the increase in taxable property value and the reduction of outstanding bonded debt, the general bonded debt to assessed valuation decreased compared to fiscal year 2017 when the ratio was 2.29 percent. The bonded debt per capita decreased from fiscal year 2017 when it was \$1,448.

**Table 4**  
**Outstanding Long-Term Obligations**  
**(in millions)**

	2018	2017	Percentage Change
General obligation bonds/debt certificates	\$ 343.2	\$ 370.2	(7.3)%
Other	363.8	392.5	(7.3)%
<b>Total</b>	<b>\$ 707.0</b>	<b>\$ 762.7</b>	<b>(7.3)%</b>

### Factors Impacting the District's Future

At the time these financial statements were prepared and audited, the District was aware of the following existing circumstances that could significantly affect its financial health in the future.

- In 2017, Illinois approved a new law changing the Illinois Pension Code which will shift additional pension costs to the District for the Teachers Retirement System. At this time, the starting date for the new law has not yet been determined.
- In the future, the District does not plan to issue additional debt to address the improvements needed for its aging facilities. All improvements will be funded using current fund balances. As can be seen in Table 1, at the end of the current fiscal year, the largest portion of the District's net position reflects its investment in capital assets (e.g., land, buildings, and equipment), less any related debts used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.
- The current economy in the State continues to affect the District's state funding levels and timing of state receipts. The State of Illinois has a fiscal year 2019 budget including the new evidence based funding model for school districts. Under this restructuring of funding, School District U-46 received an additional \$22.3 million in fiscal year 2018, however, future increases could be impacted by the lack of a balanced State budget.

### Requests for Information

This financial report is designed to provide the District's residents, taxpayers, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report, or need additional financial information, contact the Deputy Superintendent of Operations/CSBO, School District U-46, 355 E. Chicago St., Elgin, IL 60120.

**Reconciliation of the Governmental Funds  
Balance Sheet to the Statement of Net Position  
June 30, 2018**

---

Total fund balances - governmental funds	\$ 296,015,143
--	----------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds:

Capital assets	\$ 708,737,107	
Accumulated depreciation	(316,647,003)	
Net capital assets		392,090,104

Interest on long-term debt is not accrued in governmental funds, but rather is recognized when due.	(5,216,225)
---	-------------

Certain revenues that are deferred in the fund financial statements because they are not available, are recognized as revenue in the government-wide financial statements.	27,526,741
--	------------

Certain pension-related items are reported in the government-wide financial statements but not in the fund statements. These amounts consist of:

Deferred outflows - pension actuarial adjustments	22,591,187	
Deferred outflows - pension contributions	5,546,295	
Deferred inflows - pension actuarial adjustments	(34,303,961)	
		(6,166,479)

Certain other post employment benefit-related items are reported in the government-wide financial statements but not in the fund statements. These amounts consist of:

Deferred outflows - other post employment benefit actuarial adjustments	184,347	
Deferred outflows - other post employment benefit contributions	11,688,709	
Deferred inflows - other post employment benefit actuarial adjustments	(28,515,493)	
		(16,642,437)

Some liabilities reported in the statement of net position do not require the use of current financial resources and therefore are not reported as liabilities in the governmental funds. These liabilities consist of:

General obligation bonds	(260,203,766)	
Accreted interest on long-term debt	(60,008,791)	
General obligation debt certificates	(2,600,303)	
Purchase contracts	(2,687,098)	
Compensated absences	(1,032,855)	
Other postemployment benefits - District Plan	(25,699,710)	
Other postemployment benefits - Teachers' Health Insurance Security Fund (THIS)	(238,342,838)	
Net pension liability - Illinois Municipal Retirement Fund (IMRF)	(16,961,412)	
Net pension liability - Teachers' Retirement System (TRS)	(66,545,775)	
Claims incurred but not reported	(12,514,313)	
Unamortized premiums related to debt issuance	(20,467,837)	
Unamortized discounts related to debt issuance	95,681	
Deferred amount on refunding	(713,697)	
		(707,682,714)

Net position of governmental activities	<u>\$ (20,075,867)</u>

**School District U-46**

**Reconciliation of the Governmental Funds  
Statement of Revenues, Expenditures and Changes in Fund Balances (Deficits)  
to the Statement of Activities  
Year Ended June 30, 2018**

Net change in fund balances (deficits)—total governmental funds		\$ 41,527,370
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report purchases of capital assets as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets.		
Capital expenditures	\$ 21,446,065	
Depreciation	(18,422,801)	
Capital expenditures in excess of depreciation		3,023,264
Some revenues were not collected for several months after the close of the fiscal year and therefore were not considered to be "available" and are not reported as revenue in the governmental funds. The change from fiscal year 2017 to 2018 was:		(5,327,390)
Repayment of debt principal and accreted interest is an expenditure in the governmental funds, but the repayment reduced long-term obligations in the statement of net position. The following amounts were retired:		
General obligation bonds	20,889,896	
Debt certificates	418,578	
Purchase contracts	2,745,758	
Accreted interest	10,370,105	
Total retired debt		34,424,337
The issuance of debt is shown as an other financing source in governmental funds but as an increase in bonds on the statement of net assets.		(466,270)
The accretion of interest on long-term debt is not reported as an expenditure in governmental funds but as an addition to principal outstanding in the statement of activities.		(5,986,047)
Items related to pension expense and revenue are reported as deferred inflows and outflows on the government-wide financial statements but not on the fund statements.		
Deferred outflows related to pension expense		(20,529,962)
Deferred inflows related to pension expense		(14,503,893)
Items related to other post employment benefit expense and revenue are reported as deferred inflows and outflows on the government-wide financial statements but not on the fund statements.		
Deferred outflows related to other post employment benefit expense		7,940,593
Deferred inflows related to other post employment benefit expense		(28,515,493)
Some revenues and expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported in the governmental funds.		
State on-behalf contribution revenue - TRS and THIS	88,640,250	
State on-behalf expense - TRS and THIS	(88,640,250)	
Decrease in other postemployment benefits - District Plan	2,139,816	
Decrease in other postemployment benefits - THIS	1,279,178	
Decrease in net pension liability - Illinois Municipal Retirement Fund (IMRF)	28,295,607	
Increase in net pension liability - Teachers' Retirement System (TRS)	(1,297,740)	
Increase in compensated absences payable	(198,818)	
Decrease in accrued interest on debt	322,188	
Increase in claims incurred but not reported	(4,185,111)	
Amortization of bond premiums	1,778,157	
Amortization of bond discounts	(26,237)	
Amortization of deferred amount on refunding	804,965	
		28,912,005
Change in net position of governmental activities		\$ 40,498,514

## School District U-46

### Notes to Basic Financial Statements

---

#### **Note 1. Summary of Significant Accounting Policies**

School District U-46 was incorporated in 1875 and operates as a public school system governed by an elected seven-member board of education. The District is organized under the School Code of the State of Illinois, as amended. The District covers a 90 square mile area extending into three counties, Cook, DuPage and Kane and serves the communities of Bartlett, Elgin, Hanover Park, South Elgin, Streamwood, Wayne and portions of Carol Stream, Hoffman Estates, St. Charles, Schaumburg, and West Chicago.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant accounting policies:

#### ***Financial Reporting Entity***

As defined by generally accepted accounting principles established by the GASB, the financial reporting entity consists of the primary government, as well as component units, which are legally separate organizations for which elected officials of the primary government are financially accountable. Financial accountability is defined as:

- (1) Appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- (2) Fiscal dependency on the primary government and the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

Financial benefit or financial burden is created if any one of the following relationships exists:

- (1) The primary government is legally entitled to or has access to the component unit's resources.
- (2) The primary government is legally required or has assumed the obligation to finance the deficits of, provide support to, the component unit.
- (3) The primary government is obligated in some manner for the other component unit's debt.

Based upon the application criteria, no component units have been identified that should be included within the reporting entity.

The District is the administrative agent for the Northern Kane County Regional Career and Technical Education System (the System), a jointly governed organization of School District U-46 and other local districts. The System is considered a separate entity for financial reporting purposes and issues its own basic financial statements which are available at 355 E. Chicago St., Elgin, IL 60120.

#### ***Government-Wide and Fund Financial Statements***

##### ***Government-Wide Financial Statements***

The government-wide Statement of Net Position and Statement of Activities report the overall financial activity of the District. Eliminations have been made to minimize the double counting of internal activities of the District. The financial activities of the District consist of governmental activities, which are primarily supported by taxes and intergovernmental revenues.

The Statement of Net Position presents the District's non-fiduciary assets and liabilities with the difference reported as net position.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

##### ***Government-Wide and Fund Financial Statements (Continued)***

##### ***Government-Wide Financial Statements (Continued)***

The Statement of Activities demonstrates the degree to which the direct expenses of a given function (i.e., instruction, support services, etc.) are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense is specifically identified by function and is included in the direct expense to each function. Interest and other long-term debt related items are considered indirect expenses and are reported separately on the Statement of Activities. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs (including fees), and (b) grants and contributions that are restricted to meeting the operational requirements of a particular program or are capital in nature. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fiduciary funds are excluded from the government-wide financial statements.

##### ***Fund Financial Statements***

Separate financial statements are provided for governmental funds and fiduciary (agency) funds, even though the latter are excluded from the government-wide financial statements. The fund financial statements provide information about the District's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The District reports the following major governmental funds:

##### ***General Fund***

The General Fund is used to account for all financial resources except those required to be accounted for in another fund. The District's General Fund consists of four accounts: the Educational Account, which records direct costs of instruction and administration, including the District's food service operations, the Tort Immunity Account, which records the District's risk financing activities, the Operations and Maintenance Account, which reports all costs of maintaining, improving or repairing school buildings and property and the Working Cash Account, which accounts for financial resources held by the District to be used for temporary interfund loans to other District funds.

##### ***Transportation Fund***

The Transportation Fund (a special revenue fund) accounts for all revenues and costs relating to the transportation of pupils.

##### ***Debt Service Fund***

The Debt Service Fund (a debt service fund) accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

The District also reports the following other fund types/funds, aggregated and reported as nonmajor governmental funds:

##### ***Special Revenue Funds***

The Special Revenue Fund type is used to account for the proceeds of specific revenue sources (other than those accounted for in Debt Service, Capital Projects or Fiduciary Funds) that are legally restricted to expenditures for specified purposes. The District's nonmajor special revenue fund is the Municipal Retirement / Social Security Fund, which accounts for the District's share of retirement benefit and social security costs for employees.

## School District U-46

### Notes to Basic Financial Statements

---

#### **Note 1. Summary of Significant Accounting Policies (Continued)**

##### ***Government-Wide and Fund Financial Statements (Continued)***

##### ***Fund Financial Statements (Continued)***

###### ***Capital Projects Funds***

The Capital Projects Funds are used to account for and report financial resources that are to be used for expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The District's nonmajor capital projects funds are the Capital Projects Fund, which accounts for financial resources to be used for the acquisition, construction or renovation of major capital facilities, and the Fire Prevention and Safety Fund, which is used to account for the altering, reconstructing and repairing of the existing school buildings of the District.

###### ***Fiduciary Fund***

The reporting focuses on assets and liabilities. The District's fiduciary funds are agency funds, the Student Activity Funds, and are accounted for on the accrual basis. These funds account for assets held by the District as an agent for the students and teachers. The funds are custodial in nature and do not involve the measurement of results of operations. The amounts due to the activity fund organizations are equal to the assets.

##### ***Measurement Focus and Basis of Accounting and Financial Statement Presentation***

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include various taxes, state-shared revenues and various state, federal and local grants. On an accrual basis, revenues from taxes are recognized in the period in which they are intended to finance, when the District has a legal claim to the resources. Grants, entitlements, state-shared revenues and similar items are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal period. The District uses sixty days in order to capture reimbursement payments released by the state of Illinois during the month of August. The District also considers property taxes to be available if they are collected within 60 days of the end of the fiscal period and intended to finance the current period.

Significant revenue sources which are susceptible to accrual include property taxes, other taxes, grants, and interest. All other revenue sources are considered to be measurable and available only when cash is received.

Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, termination benefits, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

##### ***Real Estate and Other Taxes***

Property taxes are levied each year on all taxable real property in the District on or before the last Tuesday in December. The 2017 tax levy was passed by the Board of Education on December 4, 2017, and attached as an enforceable lien on the property as of the preceding January 1. The taxes become due and collectible in March and August 2018 in Cook County and in June and September 2018 in DuPage County and Kane County, and are collected by the County Collector, who in turn returns to the District its respective share. The District typically receives the remittances from the County Treasurer within one month after collection.

The District has recognized as revenue approximately 50 percent of the 2017 tax extension and 50 percent of the 2016 tax extension in the current fiscal year based on estimated collections, as this is the period for which the taxes have been levied (intended to finance). Property taxes are recorded net of estimated allowance for uncollectible accounts. The allowance for uncollectible accounts is based on collection history and is estimated at 1.3 percent of the total levy. As of June 30, 2018 the property tax allowance was as follows:

Fund	Allowance
General Fund	\$ 3,090,903
Debt Service Fund	511,384
Transportation Fund	224,084
Nonmajor Governmental Funds	213,590
	<u>\$ 4,039,961</u>

The District has recorded a receivable for the uncollected portion of the 2017 taxes extended. The District has recorded a deferred inflow of resources net of any allowance, which approximates 50 percent of the 2017 tax extension which will be recognized as revenue in the following fiscal year, the period for which those taxes were levied.

Revenue from replacement taxes is recognized when collected by the State, prior to disbursement to the District.

##### ***Investments***

The investments are stated at fair value, based on quoted market prices unless otherwise specified in Note 2, Deposits and Investments.

##### ***Prepaid Items***

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The method used to report prepaid items is the purchase method.

##### ***Inventories***

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The cost of governmental fund-type inventories are recorded as expenditures when purchased. Year-end balances are recorded as assets. General Fund inventory consists primarily of school supplies.

##### ***Capital Assets***

Capital assets are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value. Estimated useful life is management's estimate of how long the asset is expected to meet service demands.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

##### ***Capital Assets (Continued)***

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. The District maintains a capitalization threshold of \$10,000. All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation for assets of governmental activities is computed using the straight-line method over the following useful lives:

Buildings	40 years
Transportation equipment	5-10 years
Other equipment	3-10 years

##### ***Interfund Transactions***

The District has the following types of interfund transactions:

*Loans* – amounts provided with a requirement for repayment. Interfund loans are reported as interfund receivables (due from or advances to other funds) in lender funds and interfund payables (due to or advances from other funds) in borrower funds.

*Transfers* – flows of assets (typically cash) without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers.

*Reimbursements* – interfund transactions that constitute reimbursement of a fund for expenditures initially made from it that are properly applicable to another fund. Interfund reimbursements are recorded as expenditures in the reimbursing fund and reductions of expenditures in the fund that was originally charged.

##### ***Compensated Absences***

The District records compensated absences for vacation benefits as a liability in the government-wide financial statements as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means.

##### ***Deferred Inflows of Resources, Deferred Outflows of Resources and Unearned Revenue***

The District reports deferred inflows of resources, deferred outflows of resources and unearned revenue on its financial statements.

Deferred inflows of resources are the acquisition of net position or fund balance that is applicable to future reporting periods. Property taxes that are received or recorded as receivables prior to the period the levy is intended to finance are recorded as deferred inflows of resources on both fund financial statements and government-wide financial statements. Potential grant revenue is recorded as deferred inflows of resources on the fund financial statements when it has not yet met both the "measurable" and "available" criteria for recognition in the current period.

Deferred outflows of resources are the consumption of net position that is applicable to future reporting periods. The net difference between projected and actual earnings on pension plan or other post employment benefit plan investments and changes in proportion and differences between employer contributions and proportionate share of contributions are reported as deferred outflows or inflows of resources on the government-wide financial statements. The District's payments to the plans made subsequent to the liability measurement date are also considered to be deferred outflows of resources on the government-wide financial statements. See Note 6 and Note 7 for further discussion of the District's deferred outflows and inflows of resources related to pensions and other post employment benefits, respectively.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

##### ***Deferred Inflows of Resources, Deferred Outflows of Resources and Unearned Revenue (Continued)***

Unearned revenue arises when resources are received by the District before it has legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when revenue recognition criteria are met or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the financial statements and revenue is recognized.

##### ***Long-Term Obligations***

Long-term debt is recognized as a liability of a governmental fund when due or when resources have been accumulated in the debt service fund for payment early in the following year. Other obligations (e.g., compensated absences, claims and judgments and postemployment benefits), are reported as fund liabilities when amounts have matured or are due and payable rather than when the liability is expected to be financed from expendable available financial resources. The remaining portions of such obligations have been reported as liabilities in the statement of net position.

The District has issued two types of general obligation bonds, a conventional type for which interest is paid on the bonds semi-annually and a capital appreciation type, for which no interest is paid, but rather the interest "accretes" to long-term interest semi-annually and is finally paid upon maturity of the bonds.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position.

##### ***Debt Premium, Discount and Debt Issuance/Refunding Costs***

In the fund financial statements, bond premiums and discounts, as well as issuance costs, are recognized in the period the bonds are issued. Bond, debt certificate, and purchase contract proceeds are reported as "other financing sources" as are applicable premiums or discounts. Issuance costs, even if withheld from the actual net proceeds received, are reported as expenditures.

In the government-wide financial statements, bond premiums and discounts, as well as deferred refunding amounts, are capitalized and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium and discount. Deferred refunding amounts are reported as deferred outflows or deferred inflows of resources and amortized over the term of the related debt. All amortization is computed using the straight-line method. Debt issuance costs are expensed when incurred.

##### ***Postemployment Benefits Other Than Pensions (OPEB)***

The District participates in two OPEB plans, the Teachers' Health Insurance Security Fund (THIS) plan provided by the State and an OPEB plan provided by the District. For purposes of measuring the District's collective OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the THIS OPEB Plan and additions to/deductions from the THIS Plan's fiduciary net position have been determined on the same basis as they are reported by the THIS Plan. For this purpose, the THIS Plan recognizes benefit payments when due and payable in accordance with the benefit terms, investments, if any, are reported at fair value, except for money market investments and participating interest earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

##### ***Fund Balances***

Within the governmental fund types, the District's fund balances are reported in one of the following classifications:

***Nonspendable*** – includes amounts that cannot be spent because they are either: a) not in spendable form; or b) legally or contractually required to be maintained intact. At June 30, 2018, the District's nonspendable fund balances in the Governmental Funds related to inventories for \$32,479, and prepaid expenses of \$3,072,764.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

##### ***Fund Balances (Continued)***

***Restricted*** – includes amounts that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

***Committed*** – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District's highest level of decision-making authority. The highest level of decision-making authority rests with the District's Board of Education. Committed amounts cannot be used for any other purpose unless the District removes or changes the specified use by taking the same action it employed to previously commit those amounts. The District passes formal resolutions to commit their fund balances. There are no committed fund balances as of June 30, 2018.

***Assigned*** – includes amounts that are constrained by the District's *intent* to be used for specific purposes, but that are neither restricted nor committed. Intent is expressed by: a) the District's Board of Education itself; or b) a body or official to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. The District's Board of Education has not delegated authority to any other body or official to assign amounts for a specific purpose within the General Fund. Within the other governmental fund types (special revenue, debt service, capital projects) resources are assigned in accordance with the established fund purpose and approved budget/appropriation. Residual fund balances in these fund types that are not restricted or committed are reported as assigned. At June 30, 2018, \$4,220,543 was assigned in the Transportation Fund for costs associated with transportation.

***Unassigned*** – includes the residual fund balances that have not been restricted, committed, or assigned within the General Fund and unassigned deficit fund balances of other governmental funds.

It is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for which both restricted and unrestricted (i.e., committed, assigned or unassigned fund balances) are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

The District seeks to maintain year-end fund balances at no less than the range of 15 to 20 percent of the annual expenditures to operating funds. For management purposes, the District considers the Educational Fund, Operations and Maintenance Fund and the Transportation Fund in aggregate to make up the operating funds.

The General Fund includes the Working Cash stabilization account. Under the State of Illinois School Code (School Code), the District is authorized to incur indebtedness and issue bonds and to levy a tax annually on all taxable property of the District in order to enable the District to have in its treasury at all times sufficient money to meet demands thereon. These working cash funds may be lent to other District governmental funds in need, but may only be expended for other purposes upon the passage of a resolution by the Board of Education to abolish the funds to the Educational Account, of the General Fund, or abate the fund to any fund of the District most in need. At June 30, 2018, the District had working cash stabilization fund balances of \$112,217,090 that have been classified as unassigned fund balances in the General Fund.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

##### ***Fund Balances (Continued)***

At June 30, 2018, the District had the following fund balances restricted for various purposes as follows:

Fund	Fund balance	Purpose of restriction
Transportation Fund	\$ 6,305,330	Student transportation
Fire Prevention and Safety Fund	453,565	School construction projects
Debt Service Fund	28,616,931	Repayment of principal and interest on long-term debt
Capital Projects Fund	3,141,404	School construction projects
Municipal Retirement /Social Security Fund	640,594	Employee pension
	<u>\$ 39,157,824</u>	

##### ***Net Position***

Net position consists of the following categories:

***Net investment in capital assets*** – consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds and other debt that are attributable to the acquisition, construction, or improvement of those assets.

***Restricted net position*** – results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

***Unrestricted net position*** – consists of net position that does not meet the criteria of the two preceding categories.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed.

##### ***Eliminations***

Eliminations have been made in the statement of net position to remove the "grossing-up" effect on assets and liabilities within the governmental activities column for amounts reported in the individual funds as interfund receivables and payables. Similarly, transfers between funds have been eliminated in the statement of activities.

##### ***Use of Estimates***

The preparation of financial statements in conformity with the modified accrual basis of accounting requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures during the period. Actual results may differ from these estimates.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

##### **Restatement**

The District's net position has been restated as of June 30, 2017. The restatement is a result of the implementation of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. In accordance with GASB 75, the District now reports a net OPEB liability on its financial statements, as well as deferred outflows of resources and deferred inflows of resources. In addition, the impact of implementing this statement resulted in a restatement of beginning net position for governmental activities to adjust for the OPEB liability and deferred outflows of resources for OPEB contributions made subsequent to the measurement date that would have been reported in previous years. Restatement of the beginning fund balances for other deferred outflows of resources and deferred inflows of resources related to OPEB was not done because it was not practical to determine all such amounts.

The District's net position as of June 30, 2017, has been restated as follows:

Net Position, June 30, 2017	\$ 195,507,935
Collective net OPEB liability - THIS	(239,622,016)
Net OPEB liability - District Plan	(27,839,526)
Net OPEB obligation - District Plan	7,446,763
Deferred outflow of resources - OPEB contributions subsequent to the measurement date	3,932,463
Net Position as restated, June 30, 2017	<u><u>\$ (60,574,381)</u></u>

#### Note 2. Deposits and Investments

*Permitted Deposits and Investments* - State statutes and Board policy authorize the District to invest any available funds in: (1) direct obligations of or obligations guaranteed by the United States or its agencies; (2) commercial paper issued by United States corporations rated within the three highest classifications by at least two standard rating services and maturing within 180 days or less; (3) interest-bearing savings accounts, certificates of deposit, or other time deposits in federally insured and/or state chartered banks and savings and loans associations; (4) the Illinois School District Liquid Asset Fund Plus (ISDLAF+); (5) the Illinois Funds; (6) money market mutual funds; (7) bankers' acceptances of banks whose senior obligations are rated in the top two rating categories by two national rating agencies and maintain that rating during the term of the investment; (8) repurchase agreements of government securities; and (9) interest-bearing bonds of any county, township, city, village incorporated town, municipality, or school district. Shares in the ISDLAF+ and the Illinois Funds represent investments in external investment pools that are regulated by the state of Illinois; the fair value of the position in the pools is the same as the value of the pool shares.

##### **Deposits**

As of June 30, 2018, the District had deposits with federally insured financial institutions of \$305,889,612 with the book balances totaling \$305,532,293. The deposits held in fiduciary funds with federally insured financial institutions were \$4,729,252 with the book balances totaling \$4,092,559.

*Custodial credit risk – deposits.* In the case of deposits, custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires all bank deposits in excess of FDIC insurance limits be secured by collateral. As of June 30, 2018, the District was not exposed to custodial credit risk.

## School District U-46

### Notes to Basic Financial Statements

#### Note 2. Deposits and Investments (Continued)

##### Investments

###### Interest Rate Risk

The District's investment policy does not limit its investment portfolio to specific maturities.

###### Credit Risk

The District's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments. Investment choices are not limited beyond the State statutes.

###### Concentration of Credit Risk

The District places no limit on the amount it may invest in any one issuer.

###### Custodial Credit Risk – Investments

For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Illinois School District Liquid Asset Fund, Illinois Funds, and the Government Money Market Funds held by the District are not subject to custodial credit risk.

The following schedule reports the fair values and maturities (using the segmented time distribution method) for the District's investments at June 30, 2018. The schedule also includes credit ratings by Standard & Poor's at June 30, 2018:

Investment Type	Investment Maturities (in Years)			% of Total Investments	Credit Ratings
		Less than 1	1 - 5		
ISDLAF	\$ 31,079,339	\$ 31,079,339	\$ -	88.56 %	AAAm
Government Money Market Funds	1,317,620	1,317,620	-	3.75	AAAm
	32,396,959	\$ 32,396,959	\$ -		
Illinois Funds	2,698,551			7.69	AAAm
	<u>\$ 35,095,510</u>			<u>100.00 %</u>	

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles.

The District's investments are measured at the net asset value (NAV) or amortized cost is as follows:

Investment Type		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
			(If Currently Eligible)	
ISDLAF	\$ 31,079,339	N/A	Daily	One Day
Government Money Market Funds	1,317,620	N/A	Daily	One Day
Illinois Funds	2,698,551	N/A	Daily	One Day
	<u>\$ 35,095,510</u>			

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 2. Deposits and Investments (Continued)

The Illinois School District Liquid Asset Fund is shown as maturing in less than one year because the weighted average maturity of the pool is less than one year.

The Illinois School District Liquid Asset Fund, which includes the money market, is an unrated, not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees, elected from the participating members. It is not registered with the Securities Exchange Commission (SEC) as an investment company. The fair value of the pool is the same as the value of the pool shares.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, is not registered with the SEC but operates as a 2a7-like pool and thus reports all investments at amortized cost rather than market value. The Illinois Treasurer's investment policies are governed by State statute. In addition, the Treasurer's Office has adopted its own investment practices that supplement the statutory requirement. The fair value of the pool is the same as the value of the pool shares.

The above deposits and investments (plus \$5,984 held by the District as petty cash) are presented in the basic financial statements as cash and investments as follows:

Cash and investments per statement of net position	\$ 340,633,787
Cash and investments per statement of fiduciary assets and liabilities	<u>4,092,559</u>
Total	<u><u>\$ 344,726,346</u></u>

## School District U-46

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 4. Long-Term Obligations (Continued)

At June 30, 2018, general obligation bonds consisted of the following:

##### ***General Obligation Bonds - Payable by the Debt Service Fund***

\$18,300,000, 1999 School Building Bonds due in installments of \$5,025,000 to \$7,000,000 through 2019 with interest due semiannually at 5.00% to 5.15%. Issued for the purpose of building new schools.	\$ 7,000,000
\$54,499,619, 2002 Illinois Development Finance Authority Program Capital Appreciation Revenue Bonds due in annual installments of \$1,065,463 to \$7,678,182 through 2021 with interest due annually in years of maturity at a rate yielding 5.3789%. Issued for the purpose of building new schools.	14,257,178
\$65,999,779, 2003B Capital Appreciation School Bonds due in annual installments of \$960,659 to \$10,591,479 through 2023 with interest due annually in years of maturity at a rate yielding 5.35%. Issued for the purpose of building new schools.	32,606,588
\$34,405,000, 2009 General Obligation Limited School Bonds due in annual installments of \$1,175,000 to \$1,480,000 through 2023 with interest due semiannually at 4.00% to 5.00%. Issued for the purpose of capital projects and funding the tort fund.	6,940,000
\$25,925,000, 2011A Taxable General Obligation Limited School Bonds due in annual installments of \$1,515,000 to \$3,085,000 through 2022 with interest due semiannually at 4.75% to 6.0%. Issued for the purpose of capital projects and working cash.	10,340,000
\$2,030,000, 2011B Taxable General Obligation Limited School Bonds due in annual installments of \$200,000 to \$230,000 through 2021 with interest due semiannually at 0.65%. Issued for the purpose of capital projects.	630,000
\$31,045,000, 2012B Taxable General Obligation Limited School Bonds due in annual installments of \$75,000 to \$5,705,000 beginning in fiscal year 2016 through 2026 with interest due semiannually at 3.0% to 4.5%. Issued for the purpose of working cash and funding the tort fund.	20,770,000
\$44,310,000, 2015A General Obligation Limited School Bonds due in annual installments of \$2,955,000 through \$8,205,000 beginning in fiscal year 2028 through 2034 with interest due semiannually at 5.00%. Issued for the purpose of working cash.	44,310,000
\$10,780,000, 2015B Taxable General Obligation Limited Refunding Bonds due in annual installments of \$2,170,000 through \$6,215,000 beginning in fiscal year 2026 through 2028 with interest due semiannually at 3.7% to 3.95%. Issued for the purpose of refunding capital project related bonds and working cash.	10,780,000
	(continued)

## School District U-46

### Notes to Basic Financial Statements

#### Note 4. Long-Term Obligations (Continued)

##### **General Obligation Bonds - Payable by the Debt Service Fund (Continued)**

\$19,235,000, 2015C General Obligation Refunding School Bonds due in annual installments of \$3,740,000 through \$6,095,000 beginning in fiscal year 2016 through 2020 with interest due semiannually at 4.00% to 5.00%. Issued for the purpose of refunding capital project related bonds. 10,995,000

\$101,575,000, 2015D General Obligation Refunding School Bonds due in annual installments of \$6,480,000 through \$10,900,000 beginning in fiscal year 2024 through 2035 with interest due semiannually at 5.00%. Issued for the purpose of refunding capital project related bonds. 101,575,000

Total General Obligation Bonds \$ 260,203,766

##### **Debt Service Requirements to Maturity - General Obligation Bonds**

Annual debt service requirements to maturity for all bond issues to be paid from property taxes of the Debt Service Fund for each of the next five fiscal years and in five-year increments thereafter are as follows:

Due in Fiscal Year	General Obligation		Total Debt Service
	Principal	Interest	
2019	\$ 22,661,283	\$ 19,516,546	\$ 42,177,829
2020	19,228,841	22,943,767	42,172,608
2021	15,856,253	26,482,713	42,338,966
2022	15,576,479	26,706,309	42,282,788
2023	15,255,910	26,978,129	42,234,039
2024-2028	65,130,000	35,919,438	101,049,438
2029-2033	82,255,000	18,799,500	101,054,500
2034-2035	24,240,000	1,756,997	25,996,997
	<u>\$ 260,203,766</u>	<u>\$ 179,103,399</u>	<u>\$ 439,307,165</u>

Interest maturities include \$60,008,791 of accreted interest on capital appreciation bonds.

##### **Accreted Interest on Long-term Debt - Capital Appreciation Bonds**

The District has two outstanding capital appreciation bond issues. Interest on the capital appreciation bonds are paid only when principal payments are made, not semi-annually like conventional bond issues. The District records the accretion of interest as long-term debt in the statement of net position as if the interest had been paid semi-annually. Accreted interest on long-term debt was reduced by a net total of \$4,384,058 during the fiscal year ended June 30, 2018. At year end, the total interest accreted on the capital appreciation bonds was \$60,008,791.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 4. Long-Term Obligations (Continued)

##### ***Debt Certificates***

The District has two outstanding debt certificates. Payments are expected to be made from the Debt Service Fund through transfers from the General Fund. Descriptions of the District's debt certificates are as follows:

\$6,200,000, 2007 Debt Certificates (Qualified Zone Academy Bonds) due in annual installments of \$418,578 to \$432,360 through 2023 with interest due annually at 0.65%. Issued for the purpose of capital projects.	\$ 2,134,033
\$466,270, 2017 Debt Certificates (Qualified Zone Academy Bonds) due in annual installments of \$93,254 through 2023 with interest due semiannually at 0.25%. Issued for the purpose of capital projects.	<u>466,270</u>
Total Debt Certificates	<u><u>\$ 2,600,303</u></u>

##### ***Purchase Contracts***

The District did not enter into any new lease/purchase contracts during the year. The total cost of the property currently under leases is \$6,653,797. Future minimum payments total \$2,745,490 of which \$58,392 represents interest and \$2,687,098 represents principal. Payments are expected to be made from the Transportation Fund. Upon entering a contract, the District records the activity as capital outlay expenditures with an offsetting credit to "proceeds from purchase contracts." The net book value of the assets associated with the outstanding lease is \$2,661,519. Some items purchased through this method, however, may not be capitalized as new equipment if the value of an individual item such as a desktop computer does not meet or exceed the District's capitalization threshold.

As of June 30, 2018, the District's outstanding lease is as follows:

Purchase Contracts	
\$6,866,225 purchase contract for new buses dated August 1, 2015 due in five annual payments of \$1,373,245 through October 2019. Over the life of the contract the principal and interest portions of the contract are \$6,653,797 and \$212,428, respectively.	<u><u>\$ 2,687,098</u></u>

## School District U-46

### Notes to Basic Financial Statements

#### Note 4. Long-Term Obligations (Continued)

##### ***Debt Service Requirements to Maturity – Debt Certificates and Purchase Contracts***

Annual debt service requirements to maturity for debt certificates and purchase contracts to be paid from the Transportation Fund and the Debt Service Fund through transfers from the General Fund are as follows:

Due in Fiscal Year	Debt Certificates		Purchase Contracts		Total Debt Service
	Principal	Interest	Principal	Interest	
2019	\$ 514,553	\$ 14,920	\$ 1,333,745	\$ 39,500	\$ 1,902,718
2020	517,291	11,949	1,353,353	18,894	1,901,487
2021	520,024	8,982	-	-	529,006
2022	522,821	5,952	-	-	528,773
2023	525,614	2,927	-	-	528,541
Total	\$ 2,600,303	\$ 44,730	\$ 2,687,098	\$ 58,394	\$ 5,390,525

##### ***Legal Debt Margin***

As of June 30, 2018, the legal debt limit of the District was \$654,604,482, based upon 13.8 percent of its 2017 equalized assessed valuation of \$4,743,510,739. The debt limit less outstanding debt subject to the debt limit of \$265,551,164 plus amounts held in the Debt Service Fund of \$28,616,931, results in a legal debt margin of \$417,670,249 as of June 30, 2018.

##### ***Compensated Absences***

The District offers sick, personal and in some cases vacation days to its employees. Depending on the union status of the District's employees the number of sick, personal and vacation days provided each year may differ.

The District provides up to 20 vacation days per year, most of which must be used by August 31st of the following year. Some vacation days may be used up until October 31st of the following year depending on the employee union. The District provides up to four personal days per year to its employees. Personal balances left over at the end of the year are carried forward into the sick day balance for the next year. The District also offers up to 14 sick days per year. Accumulated personal and sick days are not paid out upon termination. If an employee is vested in the Teachers' Retirement System (TRS) or the Illinois Municipal Retirement Fund (IMRF), the employee is allowed extra service credit based on unused sick days. Since accrued personal and sick days are not paid out upon termination, the District does not accrue a payable for these days at year-end. Based on accumulated vacation days as of year-end, the District's maximum liability for accumulated vacation days to be paid upon its employees' termination was calculated to be \$1,032,855 at June 30, 2018. The amounts will be paid from the General Fund within the next year.

##### ***Net Pension and Collective Net Pension Liability***

Net pension and collective net pension liabilities of \$83,507,187 at June 30, 2018 represent the District's share of pension liability to plan members for benefits provided through defined benefit pension plans (see Note 6). \$16,961,412 relates to IMRF and will be paid from the Municipal Retirement/Social Security Fund. \$66,545,775 relates to TRS and will be paid from the General Fund.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 4. Long-Term Obligations (Continued)

##### *Other Postemployment Benefits Liability*

The other postemployment benefits (OPEB) liability represents the long-term actuarially determined liability for healthcare insurance for eligible retirees and their dependents through the District's group health insurance plan and the District's share of the Teacher's Health Insurance Security Fund (THIS) plan (see Note 7). The District's OPEB liability at June 30, 2018 related to its own plan was \$25,699,710 and \$408,047,923 for its share of THIS, both amounts will be paid from the General Fund.

##### *Debt Refunding*

As of June 30, 2018, the outstanding balance of all defeased bonds totaled \$122,025,000.

#### Note 5. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is self-insured for the above risks. For property-related risks, the District maintains excess insurance coverage to cover claims in excess of \$100,000 per occurrence to a maximum of \$250,000,000. The amount of coverage has not decreased nor have the amount of settlements exceeded coverage in any of the past three fiscal years. For workers' compensation risks, the District maintains excess insurance coverage to cover claims in excess of \$400,000 per occurrence to a maximum of \$1,000,000. The amount of coverage has not decreased nor have the amount of settlements exceeded coverage in any of the past three fiscal years.

The District is also self-insured for medical claims to cover its employees and their qualifying dependents. The District funds a self-insurance account and has engaged an outside agency to administer its medical claims. The District does not assume unlimited liability for medical claims. As of June 30, 2018, the District had purchased (stop-loss) insurance to cover claims in excess of \$500,000 per person per year and \$2,000,000 lifetime. Estimated claims incurred but not yet submitted by insurers were estimated based on historical trends as provided by the District's third party administrator. Estimated insurance claims incurred but not reported (IBNR) liabilities at June 30, 2018, total \$12,514,313 and claims payable totaled \$1,716,863. Settled claims have not exceeded coverage in any of the past three fiscal years. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic and societal factors. Changes in the balances of claims liabilities during the past two fiscal years are as follows:

	Fiscal Year Ended June 30,	
	Total 2018	Total 2017
Claims liability - beginning	\$ 11,569,666	\$ 17,349,593
Incurred claims	59,445,575	52,509,450
Claim payments and reductions	(56,784,065)	(58,289,377)
Claims liability - ending	<u>\$ 14,231,176</u>	<u>\$ 11,569,666</u>

## School District U-46

### Notes to Basic Financial Statements

#### Note 6. Employee Retirement Systems and Plans

The following is a summary of all pension related items presented in the governmental activities. Details related to these plans are presented separately on the following pages.

	Net Pension Liability	Deferred Outflows	Deferred Inflows	Pension Expense
Teachers' Retirement System (TRS)	\$ 66,545,775	\$ 21,916,004	\$ 11,463,212	\$ 154,932,177
Illinois Municipal Retirement Fund (IMRF)	16,961,412	6,221,478	22,840,749	5,258,156
Total	<u>\$ 83,507,187</u>	<u>\$ 28,137,482</u>	<u>\$ 34,303,961</u>	<u>\$ 160,190,333</u>

#### *Teachers' Retirement System*

##### **Plan Description**

The District (employer) participates in the Teachers' Retirement System of the state of Illinois (TRS or the System). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/cfafs/fy2017>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

##### **Benefits Provided**

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2019.

## School District U-46

### Notes to Basic Financial Statements

---

#### **Note 6. Employee Retirement Systems and Plans (Continued)**

##### ***Teachers' Retirement System (Continued)***

###### ***Contributions***

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2018, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

###### ***On-behalf contributions to TRS***

The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2018, state of Illinois contributions recognized by the employer were based on the state's proportionate share of the collective net pension liability associated with the employer, and the employer recognized revenue and expenses of \$153,320,666 in the governmental activities based on the economic resources measurement basis and revenues and expenditures of \$84,346,281 in the General Fund based on the current financial resources measurement basis.

###### ***2.2 formula contributions***

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2018, were \$1,250,781, and are deferred because they were paid after the June 30, 2017 measurement date. As of June 30, 2018, \$5,993 was due and payable to TRS.

###### ***Federal and special trust fund contributions***

When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018. Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2018, the employer pension contribution was 10.10 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2018, salaries totaling \$5,144,694 were paid from federal and special trust funds that required employer contributions of \$519,614. These contributions are deferred because they were paid after the June 30, 2017 measurement date. As of June 30, 2018, \$64,989 was due and payable to TRS.

###### ***Employer retirement cost contributions***

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the member's age and salary. The maximum employer ERO contribution under the program that ended on June 30, 2016 is 146.5 percent and applies when the member is age 55 at retirement. For the year ended June 30, 2018, the employer paid \$0 to TRS for employer ERO contributions for retirements that occurred before July 1, 2016.

The employer is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2018, the employer paid \$285,175 to TRS for employer contributions due on salary increases in excess of 6 percent and \$11,247 for sick leave days granted in excess of the normal annual allotment.

## Notes to Basic Financial Statements

### Note 6. Employee Retirement Systems and Plans (Continued)

#### Teachers' Retirement System (Continued)

#### **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2018, the employer reported a liability for its proportionate share of the collective net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the employer. The state's support and total are for disclosure purposes only. The amounts recognized by the employer as its proportionate share of the collective net pension liability, the related state support, and the total portion of the collective net pension liability that was associated with the employer were as follows:

Employer's proportionate share of the collective net pension liability	\$	66,545,775
State's proportionate share of the collective net pension liability associated with the employer		<u>1,557,896,054</u>
Total	\$	<u><u>1,624,441,829</u></u>

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016, and rolled forward to June 30, 2017. The employer's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2017, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2017, the employer's proportion was 0.0871 percent, which was an increase of 0.0044 from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the District recognized the following pension expense/expenditures and revenue pertaining to the District's employees:

	Governmental Activities	General Fund
State on-behalf contributions - revenue and expense/expenditure	\$ 153,320,666	\$ 84,346,281
District TRS pension expense	<u>1,611,511</u>	<u>1,699,413</u>
Total TRS expense/expenditure	<u><u>\$ 154,932,177</u></u>	<u><u>\$ 86,045,694</u></u>

At June 30, 2018, the employer reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 722,761	\$ 30,717
Net difference between projected and actual earnings on pension plan investments	45,651	-
Changes of assumptions	4,441,452	1,912,215
Changes in proportion and differences between employer contributions and proportionate share of contributions	<u>15,006,727</u>	<u>9,520,280</u>
Total deferred pension actuarial adjustments	20,216,591	11,463,212
Employer contribution subsequent to the measurement date	<u>1,699,413</u>	-
Total deferred amounts related to pensions	<u><u>\$ 21,916,004</u></u>	<u><u>\$ 11,463,212</u></u>

School District U-46

Notes to Basic Financial Statements

---

**Note 6. Employee Retirement Systems and Plans (Continued)**

***Teachers' Retirement System (Continued)***

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)***

Of the amounts reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date, \$1,699,413 will be recognized as a reduction of the collective net pension liability in the reporting year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30:	
2019	\$ (223,721)
2020	2,346,079
2021	5,689,609
2022	910,620
2023	30,792
	<hr/>
	<u>\$ 8,753,379</u>

***Actuarial Assumptions***

The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

<b>Inflation</b>	2.50 percent
<b>Salary increases</b>	varies by amount of service credit
<b>Investment rate of return</b>	7.00 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2014. The same assumptions were used in the June 30, 2016, actuarial valuation.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 6. Employee Retirement Systems and Plans (Continued)

##### *Teachers' Retirement System (Continued)*

##### **Actuarial Assumptions (Continued)**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. equities large cap	14.4 %	6.94 %
U.S. equities small/mid cap	3.6	8.09
International equities developed	14.4	7.46
Emerging market equities	3.6	10.15
U.S. bonds core	10.7	2.44
International debt developed	5.3	1.70
Real estate	15.0	5.44
Commodities (real return)	11.0	4.28
Hedge funds (absolute return)	8.0	4.16
Private equity	14.0	10.63
Total	<u>100.0 %</u>	

##### **Discount Rate**

At June 30, 2017, the discount rate used to measure the total pension liability was 7.00 percent, which was a change from the June 30, 2016 rate of 6.83 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2017 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

At June 30, 2016, the discount rate used to measure the total pension liability was 6.83 percent. The discount rate was lower than the actuarially-assumed rate of return on investments that year because TRS's fiduciary net position and the subsidy provided by Tier II were not sufficient to cover all projected benefit payments.

### Notes to Basic Financial Statements

---

#### Note 6. Employee Retirement Systems and Plans (Continued)

##### *Teachers' Retirement System (Continued)*

##### ***Sensitivity of the Employer's Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate***

The following presents the employer's proportionate share of the collective net pension liability calculated using the discount rate of 7.00 percent, as well as what the employer's proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate.

	1% Decrease 6.00%	Current Discount Rate 7.00%	1% Increase 8.00%
Employer's proportionate share of the collective net pension liability	\$ 81,760,175	\$ 66,545,775	\$ 54,083,913

##### ***TRS Fiduciary Net Position***

Detailed information about the TRS's fiduciary net position as of June 30, 2017 is available in the separately issued TRS *Comprehensive Annual Financial Report*.

##### ***Illinois Municipal Retirement Fund***

##### ***Plan Description***

The District's (Employer) defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section below. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the Illinois General Assembly. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at [www.imrf.org](http://www.imrf.org).

##### ***Benefits Provided***

The District participates in the Regular Plan (RP). Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of the final rate of earnings for the first 15 years of service credit, plus 2 percent for each year of service credit after 15 years to a maximum of 75 percent of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3 percent of the original amount on January 1 every year after retirement.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 6. Employee Retirement Systems and Plans (Continued)

##### *Illinois Municipal Retirement Fund (Continued)*

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of the final rate of earnings for the first 15 years of service credit, plus 2 percent for each year of service credit after 15 years to a maximum of 75 percent of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3 percent of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

##### **Employees Covered by Benefit Terms**

As of December 31, 2017, the following employees were covered by the benefit terms:

Retirees and Beneficiaries currently receiving benefits	1,291
Inactive Plan Members entitled to but not yet receiving benefits	1,788
Active Plan Members	<u>2,060</u>
Total	<u><u>5,139</u></u>

##### **Contributions**

As set by statute, the District's Regular Plan Members are required to contribute 4.5 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rates for calendar years 2018 and 2017 were 11.13 percent and 11.45 percent, respectively. For the fiscal year ended June 30, 2018, the District contributed \$7,435,749 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

##### **Net Pension Liability**

The District's net pension liability was measured as of December 31, 2017. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

##### **Actuarial Assumptions**

The following are the methods and assumptions used to determine total pension liability at December 31, 2017:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.50 percent.
- **Salary Increases** were expected to be 3.39 percent to 14.25 percent, including inflation.
- The **Investment Rate of Return** was assumed to be 7.50 percent.
- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2017 valuation according to an experience study from years 2014-2016.

School District U-46

Notes to Basic Financial Statements

Note 6. Employee Retirement Systems and Plans (Continued)

Illinois Municipal Retirement Fund (Continued)

Actuarial Assumptions (Continued)

- For **Non-disabled Retirees**, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For **Disabled Retirees**, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For **Active Members**, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Projected Returns / Risk	
		One Year Arithmetic	Ten Year Geometric
Domestic equity	37.0 %	8.30	6.85
International equity	18.0	8.45	6.75
Fixed income	28.0	3.05	3.00
Real estate	9.0	6.90	5.75
Alternative investments	7.0		
Private equity	-	12.45	7.35
Hedge funds	-	5.35	5.05
Commodities	-	4.25	2.65
Cash equivalents	1.0	2.25	2.25
Total	100.0 %		

**School District U-46**

**Notes to Basic Financial Statements**

---

**Note 6. Retirement Fund Commitments (Continued)**

***Illinois Municipal Retirement Fund (Continued)***

***Actuarial Assumptions (Continued)***

***Discount Rate***

A Single Discount Rate of 7.50 percent was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The single discount rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.50 percent, the municipal bond rate is 3.31 percent, and the resulting single discount rate is 7.50 percent.

## School District U-46

##### **Changes in the Net Pension Liability**

The following table shows the components of the District's annual pension liability and related plan fiduciary net position for the calendar year ended December 31, 2017:

	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
Balances at December 31, 2016	\$ 306,825,770	\$ 261,568,751	\$ 45,257,019
Changes for the year:			
Service cost	7,088,356	-	7,088,356
Interest on the total pension liability	22,710,668	-	22,710,668
Changes of benefit terms	-	-	-
Differences between expected and actual experience of the total pension liability	1,653,787	-	1,653,787
Changes of assumptions	(9,673,308)	-	(9,673,308)
Contributions - employer	-	7,505,169	(7,505,169)
Contributions - employees	-	2,991,943	(2,991,943)
Net investment income	-	45,723,969	(45,723,969)
Benefit payments, including refunds of employee contributions	(15,122,077)	(15,122,077)	-
Other (net transfer)	-	(6,145,971)	6,145,971
Net changes	6,657,426	34,953,033	(28,295,607)
Balances at December 31, 2017	\$ 313,483,196	\$ 296,521,784	\$ 16,961,412

##### **Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.50 percent, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1 percent lower or 1 percent higher:

	1% Decrease 6.50%	Current Single Discount Rate 7.50%	1% Increase 8.50%
Total Pension Liability	\$ 351,499,551	\$ 313,483,196	\$ 282,082,486
Plan Fiduciary Net Pension	296,521,784	296,521,784	296,521,784
Net Pension Liability (Asset)	\$ 54,977,767	\$ 16,961,412	\$ (14,439,298)

## Notes to Basic Financial Statements

### Note 6. Retirement Fund Commitments (Continued)

#### Illinois Municipal Retirement Fund (Continued)

#### **Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions**

For the year ended June 30, 2018, the District recognized pension expense of \$5,258,156. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,301,160	\$ 2,367,813
Net difference between projected and actual earnings on pension plan investments	-	12,793,860
Changes of assumptions	73,436	7,679,076
Total deferred pension actuarial adjustments	2,374,596	22,840,749
Employer contribution subsequent to the measurement date	3,846,882	-
Total deferred amounts related to pensions	\$ 6,221,478	\$ 22,840,749
Total deferred amounts related to pensions	\$ 10,068,360	\$ 22,840,749

Of the amounts reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date, \$3,846,882 will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30:	
2019	\$ (3,469,485)
2020	(4,884,505)

### Note 7. Post Employment Plans Other Than Pensions

The following is a summary of all other postemployment benefits (OPEB) other than pension related items presented in the governmental activities. Details related to these plans are presented separately in the following pages.

	Net OPEB Liability	Deferred Outflows	Deferred Inflows	OPEB Expense
Retiree Healthcare Plan - District Plan	\$ 25,699,710	\$ 184,347	\$ -	\$ (166,567)
Teachers' Health Insurance Security Fund (THIS)	238,342,838	11,688,709	28,515,493	41,430,768
Total	<u>\$ 264,042,548</u>	<u>\$ 11,873,056</u>	<u>\$ 28,515,493</u>	<u>\$ 41,264,201</u>

## School District U-46

### Notes to Basic Financial Statements

#### Note 7. Post Employment Plans Other Than Pensions (Continued)

##### *Retiree Healthcare Plan*

###### **Plan Description**

The District administers a single-employer defined benefit healthcare plan, the "Retiree Healthcare Plan" or "the Plan." The Plan provides healthcare insurance for eligible retirees and their dependents through the District's group health insurance plan, which covers both active and retired members. The Plan does not issue a stand-alone financial report.

###### **Benefits Provided**

Benefit provisions are established through negotiations between the District and the unions representing District employees and are renegotiated each bargaining period. Certain retirees are eligible until the first month of Medicare eligibility and others are eligible for their lifetime. Certified retirees receive coverage under the TRS health plan and non-certified retirees receive coverage under the District's health plan. The District's contributions vary based on the union to which the employee belongs, the employees' years of service, and the year in which the employee retired.

###### **Employees Covered by Benefit Terms**

At June 30, 2018, the following employees were covered by the benefit terms:

Inactive Plan Members currently receiving benefits	3,380
Active Plan Members	335
	<u>3,715</u>

###### **Total OPEB Liability**

The District's total OPEB liability was measured as of June 30, 2018, and was determined by an actuarial valuation as of that date.

	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Balances at June 30, 2017	\$ 27,839,526	\$ -	\$ 27,839,526
Changes for the year:			
Service cost	1,003,974	-	1,003,974
Interest on the total OPEB liability	806,590	-	806,590
Changes of benefit terms	(2,003,354)	-	(2,003,354)
Differences between expected and actual experience of the total OPEB liability	-	-	-
Changes of assumptions	210,570	-	210,570
Contributions - employer	-	2,157,596	(2,157,596)
Contributions - employees	-	-	-
Net investment income	-	-	-
Benefit payments	(2,157,596)	(2,157,596)	-
Other (net transfer)	-	-	-
Net changes	(2,139,816)	-	(2,139,816)
Balances at June 30, 2018	\$ 25,699,710	\$ -	\$ 25,699,710

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 7. Post Employment Plans Other Than Pensions (Continued)

##### *Retiree Healthcare Plan (Continued)*

##### **Actuarial Assumptions**

The following are the methods and assumptions used to determine total OPEB liability at June 30, 2018:

- The **Actuarial Cost Method** used was the Entry Age Normal.
- **Salary Increases** was assumed to be 3.50 percent, including inflation.
- For **Healthcare Cost Trend Rates**, actual trend rate used for fiscal year 2018. For fiscal years on and after 2019, trend starts at 7.00 percent and gradually decreases to an ultimate trend of 4.50 percent.
- For IMRF employees the **Mortality Rates** used are from the RP-2014 Healthy Mortality Tables with Blue Collar Adjustments for retirees, projected generationally with Scale MP-2014. Pre- and post-commencement rates were further adjusted. Specifically for pre-commencement, male rates were multiplied by 88% for all ages and female rates were multiplied by 82% for all ages. For post-commencement, male and female rates were adjusted to match current experience.
- For TRS employees the **Mortality Rates** used are from the RP-2014 Healthy Mortality Tables with White Collar Adjustments, projected generationally with Scale MP-2014. Post-commencement rates were further adjusted. Specifically, male rates were multiplied by 115% for ages 78-114, and female rates were multiplied by 76% for ages 50-77 and 106% for ages 78-114.

Actuarial assumptions were changed from the prior year. The discount rate was changed from 5.00 percent to 3.13 percent to comply with GASB 75. It was further decreased to 2.98 percent for the measurement of the June 30, 2018 liability based on the change in 20-year municipal bond yields. The actuarial cost method changed to the Entry Age Method to reflect adoption of GASB 75. Morbidity rates were updated based on the June 2013 Society of Actuaries Study entitled "Health Care Costs – Birth to Death". Finally, the healthcare cost trend rate was updated to a graded scale.

##### **Discount Rate**

Since the Plan is financed on a pay-as-you-go basis, a long-term rate of return was not used and the discount rate used to measure the total OPEB liability was the 20-year municipal bond yield (source was the S&P Municipal Bond 20 Year High Grade Rate Index as of June 30, 2018). The projection of cash flows used to determine the discount rate assumed the employee and employer contributions would be made at the current rates. Based on those assumptions, the Plan's fiduciary net position was not projected to be sufficient to make projected OPEB payments for current active and inactive employees beyond the current year.

##### **Sensitivity of the Employer's Proportionate Share of the Net OPEB Liability to Changes in the Single Discount Rate**

The following presents the Plan's net OPEB liability, calculated using a Single Discount Rate of 2.98 percent, as well as what the Plan's net OPEB liability would be if it were calculated using a Single Discount Rate that is one percentage point higher (3.98 percent) or lower (1.98 percent) than the current rate:

	1% Decrease 1.98%	Current Discount Rate 2.98%	1% Increase 3.98%
Employer's proportionate share of the collective net OPEB liability	\$ 27,172,247	\$ 25,699,710	\$ 24,298,852

**School District U-46**

**Notes to Basic Financial Statements**

**Note 7. Post Employment Plans Other Than Pensions (Continued)**

**Retiree Healthcare Plan (Continued)**

**Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rate**

The following presents the plan's net OPEB liability, calculated using the healthcare cost trend rates as well as what the plan's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point higher (8.00 percent) or lower (6.00 percent), than the current healthcare cost trend rates.

	Healthcare Cost Trend Rate Assumptions		
	1% Decrease 6.00%	7.00%	1% Increase 8.00%
Employer's proportionate share of the collective net OPEB liability	\$ 24,651,184	\$ 25,699,710	\$ 26,867,852

**OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB**

For the year ended June 30, 2018, the District recognized OPEB expense of (\$166,567). Negative expense was recognized due to the amortization of deferred inflows and outflows during the year. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ -
Changes of assumptions	184,347	-
Total deferred amounts related to OPEB	\$ 184,347	\$ -

Amounts reported as deferred outflows of resources and deferred outflows of resources related to OPEB will be recognized in OPEB expense in future periods as follows:

Year ending June 30:	
2019	\$ 26,223
2020	26,223
2021	26,223
2022	26,223
2023	26,223
Thereafter	53,232
	<u>\$ 184,347</u>

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 7. Post Employment Plans Other Than Pensions (Continued)

##### *Teachers' Health Insurance Security Fund*

###### **Plan Description**

The District (employer) participates in the Teachers' Health Insurance Security Fund (THIS) of the State of Illinois. THIS is a cost-sharing multiple-employer defined benefit post-employment healthcare plan (OPEB) established by the Illinois legislature for the benefit of eligible retired Illinois public school teachers employed outside the City of Chicago (members). All District employees receiving monthly benefits from the Teachers' Retirement System (TRS) who have at least eight years of creditable service with TRS, the survivor of an annuitant or benefit recipient who had at least eight years of creditable service or a recipient of a monthly disability benefit are eligible to enroll in THIS.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Plan and amendments to the Plan can be made only by legislative action with the Governor's approval. The Plan is administered by the Illinois Department of Central Management Services. The publicly available financial report of the Plan may be found on the website of the Illinois Auditor General. The current reports are listed under "Central Management Services" (<http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp>).

###### **Benefits Provided**

THIS provides medical, prescription, and behavioral health benefits for eligible retirees and their dependents, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan. The premiums charged reflect approximately a 75 percent subsidy for members that elect a managed care plan or elect the Teachers' Choice Health Plan (TCHP) plan if a managed care plan is either not available or only partially available. Members receive approximately a 50 percent subsidy if they elect the TCHP when a managed care plan is available. Medicare primary dependent beneficiaries enrolled in a managed care plan or in the TCHP when no managed care plan is available receive a premium subsidy.

###### **Contributions**

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6) specifies the contribution requirements of the participating school districts and covered employees. For the year ended June 30, 2018, required contributions are as follows:

- Active members contribute 1.18 percent of covered payroll.
- Employers contribute 0.88 percent of covered payroll. The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year. For the year ended June 30, 2018, the employer paid \$1,897,737 to the THIS Fund, which was 100 percent of the required contribution.
- The State of Illinois makes contributions on behalf of the employer. State contributions are intended to match contributions to the THIS Fund from active members. The State contributed 1.18 percent of covered payroll. For the year ended June 30, 2018, State of Illinois contributions on behalf of the District's employees were \$2,544,693 and the employer recognized revenue and expenditures for this on-behalf contribution amount during the year in the General Fund.
- Retired members contribute through premium payments based on the coverage elected, Medicare eligibility, and the age of the member and dependents. The premium for retired members is not permitted to increase by more than 5.0 percent per year by statute. The Federal Government provides a Medicare Part D subsidy.

**School District U-46****Notes to Basic Financial Statements**

---

**Note 7. Post Employment Plans Other Than Pensions (Continued)*****Teachers' Health Insurance Security Fund (Continued)******OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources***

At June 30, 2018, the employer reported a liability for its proportionate share of the collective net OPEB liability that reflected a reduction for state pension support provided for the District. The state's support and total are for disclosure purposes only. The OPEB proportionate shares are as follows:

Employer's proportionate share of the collective OPEB liability	\$ 238,342,838
The State's proportionate share of the collective net OPEB liability associated with the employer	<u>313,003,345</u>
Total THIS net collective OPEB liability associated with the employer	<u><u>\$ 551,346,183</u></u>

The collective net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as June 30, 2016, and rolled forward to June 30, 2017. The employer's proportionate share of the net OPEB liability was based on the employer's share of contributions to THIS for the measurement year ended June 30, 2017, relative to the contributions of all participating employers and the State during that period. At June 30, 2017, the District's proportion was 0.9185 percent, which was a decrease of 0.042 from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the District recognized the following for OPEB expense/expenditure and revenue pertaining to the District's employees:

	<u>Governmental Activities</u>	<u>General Fund</u>
State on-behalf contributions - OPEB revenue and expense/expenditure	\$ 22,210,558	\$ 2,544,693
District OPEB expense	<u>19,220,210</u>	<u>1,897,737</u>
Total OPEB expense/expenditure	<u><u>\$ 41,430,768</u></u>	<u><u>\$ 4,442,430</u></u>

## School District U-46

### Notes to Basic Financial Statements

#### Note 7. Post Employment Plans Other Than Pensions (Continued)

##### *Teachers' Health Insurance Security Fund (Continued)*

At June 30, 2018, the employer reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 135,004
Net difference between projected and actual earnings on OPEB investments	-	2,621
Changes of assumptions	-	28,377,868
Changes in proportion and differences between employer contributions and proportionate share of contributions	9,790,972	-
Total deferred OPEB actuarial adjustments	9,790,972	28,515,493
Employer contribution subsequent to the measurement date	1,897,737	-
Total deferred amounts related to OPEB	<u>\$ 11,688,709</u>	<u>\$ 28,515,493</u>

The District reported \$1,897,737 as deferred outflows of resources resulting from employer contributions subsequent to the measurement date that will be recognized as a reduction of the collective net OPEB liability in the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in expense as follows:

Year ending June 30:	
2019	\$ (2,874,209)
2020	(2,874,209)
2021	(2,874,209)
2022	(2,874,209)
2023	(2,873,553)
Thereafter	(4,354,134)
	<u>\$ (18,724,521)</u>

##### **Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation as of June 30, 2016, based on the entry age normal cost method and using the following actuarial assumptions:

Inflation	2.75%
Salary increases	Depends on service and ranges from 9.25% at 1 year of service to 3.25% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption.
Investment rate of return	0%, net of OPEB plan investment expense, including inflation

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 7. Post Employment Plans Other Than Pensions (Continued)

##### *Teachers' Health Insurance Security Fund (Continued)*

Healthcare cost trend rates

Actual trend used for fiscal year 2017. For fiscal years on and after 2018, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50%. Additional trend rate of 0.59% is added to non-Medicare cost on and after 2020 to account for the Excise Tax.

Eighty percent of future retirees that are currently active are assumed to elect healthcare coverage, with 80 percent electing single coverage and 20 percent electing two-person coverage.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitants, mortality rates were based on the RP-2014 Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table, sex distinct. All tables reflect future mortality improvements using Projection Scale MP-2014.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2014.

The following OPEB-related assumption changes were made since the June 30, 2014, OPEB actuarial valuation date:

- The discount rate was changed from 2.85 percent at June 30, 2016 to 3.56 percent at June 30, 2017;
- The healthcare trend assumption was updated based on claim and enrollment experience through June 30, 2016, projected plan cost for plan year end June 30, 2017, premium changes through plan year end 2018, and expectation of future trend increases after June 30, 2017;
- The Excise trend rate adjustment was updated based on available premium and enrollment information as of June 30, 2017;
- Per capita claim costs were updated based on projected claims and enrollment experience through June 30, 2017, and updated premium rates through plan year 2018;
- The morbidity factors, used to adjust per capita claim cost by age and gender, were updated; and
- Healthcare plan participation rates by plan were updated based on observed experience.

The long-term expected rate of return assumption was set to zero. As such, ranges of expected future real rates of return by asset class were not developed.

##### **Discount Rate**

Since THIS is financed on a pay-as-you-go basis, a long-term rate of return was not used and the discount rate used to measure the total OPEB liability was the 20-year general obligation bond index rate (source was Fidelity Index's 20-year municipal GO AA Index). The discount rate as of June 30, 2017, was 3.56 percent, which was an increase from the June 30, 2016, rate of 2.85 percent. The projection of cash flows used to determine the discount rate assumed that employee, employer, and State contributions would be made at the current statutorily-required rates. Based on those assumptions, THIS's fiduciary net position was not projected to be sufficient to make projected OPEB payments for current active and inactive employees beyond the current year.

### Notes to Basic Financial Statements

---

#### Note 7. Post Employment Plans Other Than Pensions (Continued)

##### *Teachers' Health Insurance Security Fund (Continued)*

##### ***Sensitivity of the Employer's Proportionate Share of the Net OPEB Liability to Changes in the Single Discount Rate***

The following presents the plan's net OPEB liability, calculated using a Single Discount Rate of 3.56 percent, as well as what the plan's net OPEB liability would be if it were calculated using a Single Discount rate that is one percentage point higher (4.56 percent) or lower (2.56 percent) than the current rate:

	1% Decrease 2.56%	Current Discount Rate 3.56%	1% Increase 4.56%
Employer's proportionate share of the collective net OPEB liability	\$ 286,010,221	\$ 238,342,838	\$ 200,201,475

##### ***Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rate***

The following presents the plan's net OPEB liability, calculated using the healthcare cost trend rates as well as what the plan's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point higher or lower, than the current healthcare cost trend rates. The key trend rates are 8.00 percent in 2018 decreasing to an ultimate trend rate of 5.09 percent in 2025, for non-Medicare coverage, and 9.00 percent decreasing to an ultimate trend rate of 4.50 percent in 2027 for Medicare coverage.

	1% Decrease (a)	Healthcare Cost Trend Rate Assumptions	1% Increase (b)
Employer's proportionate share of the collective net OPEB liability	\$ 192,367,128	\$ 238,342,838	\$ 304,333,330

(a) One percentage point decrease in healthcare trend rates are 7.00 percent in 2018 decreasing to an ultimate trend rate of 4.09 percent in 2025, for non-Medicare coverage, and 8.00 percent in 2018 decreasing to an ultimate trend rate of 3.50 percent in 2027 for Medicare coverage.

(b) One percentage point increase in healthcare trend rates are 9.00 percent in 2018 decreasing to an ultimate trend rate of 6.09 percent in 2025, for non-Medicare coverage, and 10.00 percent in 2018 decreasing to an ultimate trend rate of 5.50 percent in 2027 for Medicare coverage.

##### ***OPEB Plan Fiduciary Net Position***

Detailed information about the THIS plan fiduciary net position is available in the separately issued THIS financial report.

##### ***Payable to the OPEB Plan***

The District had no outstanding amount of contributions to the THIS plan for the year ended June 30, 2018.

## School District U-46

### Notes to Basic Financial Statements

---

#### Note 8. Other Financial Disclosures

##### *Expenditures Exceeding Budgets*

The District adopts annual budgets for all funds except the Student Activity Fund, an agency fund. The funds with annually adopted budgets and excesses of expenditures over budgeted expenditures during fiscal year 2018 are as follows:

Fund	Final Budget	Actual Expenditures	Amount Over Budget
Debt Service Fund	\$ 42,625,595	\$ 42,625,741	\$ 146
Capital Projects Fund	300,000	1,506,526	1,206,526
Fire Prevention and Safety Fund	1,497,000	2,023,896	526,896

##### *Interfund Transfers*

During fiscal year 2018, the District transferred \$4,543,037 from the General Fund to the Debt Service Fund to provide resources to pay principal and interest on debt certificates and purchase contracts and to abate a portion of the 2017 property tax levy. The General Fund also transferred \$3,000,000 of interest earned to the Transportation Fund for the purpose of financing transportation related expenses.

#### Note 9. Contingent Liabilities

##### *Litigation*

The District is a defendant in various lawsuits wherein substantial amounts are claimed. In the opinion of the District's legal counsel, these suits are without substantial merit and should not result in judgments, which in aggregate would have a material adverse effect on the District's financial statements.

##### *Grants*

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government and the Illinois State Board of Education. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2018.

#### Note 10. Commitments

At June 30, 2018, the District had approximately \$4,100,000 million in outstanding construction project commitments. The projects were comprised of work to be done at various school buildings and to be paid from the Operations and Maintenance Account of the General Fund, Fire Prevention and Safety Fund and the Capital Projects Fund.

## School District U-46

### Notes to Basic Financial Statements

#### **Note 11. Authoritative Pronouncements Issued But Not Yet Adopted**

The following is a description of other GASB authoritative pronouncements, which have been issued but not yet adopted by the District:

Statement No. 83, *Certain Asset Retirement Obligations*, will be effective for the District beginning with its year ending June 30, 2019. This Statement addresses accounting and financial reporting for certain asset retirement obligations (ARO) and establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs.

Statement No. 84, *Fiduciary Activities*, will be effective for the District beginning with its year ending June 30, 2020. This Statement is intended to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

Statement No. 87, *Leases*, will be effective for the District beginning with its year ending June 30, 2021. This Statement is intended to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments.

Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, will be effective for the District beginning with its year ending June 30, 2019. This Statement is intended to clarify which liabilities governments should include in their note disclosures related to debt and increase the amount of information disclosed.

Statement No. 89, *Accounting for Interest Cost Incurred before the End of Construction Period*, will be effective for the District beginning with its year ending June 30, 2021. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period and requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset on the Statement of Net Position.

Statement No. 90, *Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61*, will be effective for the District beginning with its year ending June 30, 2020. This Statement improves financial reporting by providing users of financial statements with essential information related to presentation of majority equity interests in legally separate organizations that previously were reported inconsistently. In addition, requiring reporting of information about component units if the government acquires a 100 percent equity interest provides information about the cost of services to be provided by the component unit in relation to the consideration provided to acquire the component unit.

Management has not currently determined what impact, if any, these Statements may have on its financial statements.

## Notes to Schedules

### Changes of Assumptions

For the 2017 and 2016 measurement years, the assumed investment rate of return was 7.0 percent, including an inflation rate of 2.5 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit.

For the 2015 measurement year, the assumed investment rate of return was 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

For the 2014 measurement year, the assumed investment rate of return was also 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. However, salary increases were assumed to vary by age.

**Notes to Schedule of Contributions**

***Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2017 Contribution Rate\*\****

***Valuation Date***

**Notes**

Actuarial determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

***Methods and Assumptions Used to Determine 2017 Contribution Rate***

Actuarial Cost Method:	Aggregate entry age normal
Amortization Method:	Level percentage of payroll, closed
Remaining Amortization Period:	26-year closed period
Asset Valuation Method:	5-year smoothed market; 20 percent corridor
Wage Growth:	3.50 percent
Price Inflation:	2.75 percent, approximate; No explicit price inflation assumption is used in this valuation.
Salary Increases:	3.75 percent to 14.50 percent, including inflation
Investment Rate of Return:	7.50 percent
Retirement Age:	Experienced-based table of rates that are specific to the type of eligibility condition; last updated for the 2014 valuation pursuant to an experience study of the period 2011 to 2013.

Mortality:	RP-2014 Blue Collar Health Annuitant Mortality Table, adjusted to match current IMRF experience. For disabled lives, an IMRF specific mortality table was used with fully generational projection scale MP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
------------	---

***Other Information***

**Notes**

There were no benefit changes during the year.

**\*\* Based on Valuation Assumptions used in the December 31, 2015 actuarial valuation.**

## **GENERAL FUND**

The General Fund is used to account for resources traditionally associated with government operations which are not required to be accounted for in another fund. The District's General Fund consists of four accounts: the *Educational Account*, which records direct costs of instruction and administration; the *Tort Immunity Account*, which is used for the purpose of recording risk financing activities of the District; the *Operations and Maintenance Account*, which reports all costs of maintaining, improving or repairing school buildings and property; and the *Working Cash Account*, which accounts for financial resources held by the District to be used for temporary interfund loans to the Educational Account, the Operations and Maintenance Account, and the Transportation Fund.

## **MAJOR SPECIAL REVENUE FUNDS**

Special revenue funds are used to account for revenues from specific taxes or other earmarked revenue sources which by law are designated to finance particular functions or activities of government and which cannot be diverted to other uses. The major special revenue fund maintained by the District is as follows:

Transportation Fund - To account for the revenue and expenditures related to student transportation, both to and from school. Revenue is derived primarily from local property taxes and state reimbursement grants.

## School District U-46

### Notes to Required Supplementary Information (RSI)

---

#### Note 1. Budgets and Budgetary Accounting

The annual budgets are adopted on the modified accrual basis of accounting at the fund level. All budgets lapse at fiscal year-end. The District maintains a system to measure the uncommitted budget amount available for expenditures at any time during the year. For budgetary purposes, appropriations lapse at June 30, 2018 and outstanding encumbrances are canceled at that date.

On or before July 1 of each year, the Chief Executive Officer is to submit for review by the Board of Education a proposed budget for the school year commencing on that date. After reviewing the proposed budget, the Board of Education holds public hearings and a final budget must be prepared and adopted no later than September 30. The 2017-18 budget was adopted September 25, 2017.

The appropriated budget is prepared by fund, by object and by function. The Board of Education may make transfers between functions within a fund not exceeding in the aggregate 10 percent of the total of such fund, and may amend the total budget following the same procedures required to adopt the original budget. The legal level of budgetary control is at the fund level.

The budget amounts shown are as originally adopted because there were no amendments during the past fiscal year.

For budgetary purposes, the District does not recognize as revenues the retirement contributions made by the State to the Teachers' Retirement System of the State of Illinois (TRS) and Teachers' Health Insurance Security Fund of the State of Illinois (THIS) on behalf of the District as well as the related expenditures.

The following schedule reconciles the revenues and expenditures on the budgetary basis with the amounts presented in accordance with accounting principles generally accepted in the United States of America for the District's General Fund only.

Revenues - budgetary basis	\$ 465,738,196
Unbudgeted retirement/OPEB contributions made by the State	86,890,974
Revenues - GAAP basis	<u>\$ 552,629,170</u>
Expenditures - budgetary basis	\$ 429,130,678
Unbudgeted retirement/OPEB contributions made by the State	86,890,974
Expenditures - GAAP basis	<u>\$ 516,021,652</u>

## School District U-46

### Notes to Required Supplementary Information (RSI)

---

#### Note 2. Notes to Schedule of Contributions - Teachers' Health Insurance Security Fund

Valuation Date	June 30, 2016
Measurement Date	June 30, 2017
Fiscal Year End	June 30, 2018

*Methods and assumptions used to determine contribution rates:*

Actuarial Cost Method      Entry Age Normal, used to measure the Total OPEB Liability

Contribution Policy      Benefits are financed on a pay-as-you go basis. Contribution rates are defined by statute. For fiscal year end June 30, 2017, contribution rates are 1.12% of pay for active members, 0.84% of pay for school districts and 1.12% of pay for the State. Retired members contribute a percentage of premium rates. The goal of the policy is to finance current year costs plus a margin for incurred but not paid plan costs.

Asset Valuation Method      Market value

Investment Rate of Return      0%, net of OPEB plan investment expense, including inflation

Inflation      2.75%

Salary Increases      Depends on service and ranges from 9.25% at less than 1 year of service to 3.25% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption.

Retirement Age      Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the June 30, 2016, actuarial valuation.

Mortality      Retirement and Beneficiary Annuitants: RP-2014 White Collar Annuitant Mortality Table. Disabled Annuitants: RP-2014 Disabled Annuitant Table. Pre-Retirement: RP-2014 White Collar Table. Tables are adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2014.

Healthcare Cost Trend Rates      Actual trend used for fiscal year 2017. For fiscal years on and after 2018, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50%. Additional trend rate of 0.59% is added to non-Medicare cost on and after 2020 to account for the Excise tax.

Aging Factors      Based on the 2013 SOA Study "Health Care Costs – From Birth to Death"

Expenses      Health administrative expenses are included in the development of the per capita claims costs. Operating expenses are included as a component of the Annual OPEB Expense.

## **DEBT SERVICE FUND**

Debt service funds are used to account for monies accumulated to retire general long-term debt. The Debt Service Fund maintained by the District is as follows:

Debt Service Fund - To account for the periodic payment of principal and interest on the general obligation bond issues and other long-term debt of the District. Sources of funds consist primarily of local property tax revenues and transfers from other funds of the District.

## **NONMAJOR GOVERNMENTAL FUNDS**

### **SPECIAL REVENUE FUND**

Municipal Retirement Fund - To account for the District's portion of the pension contributions to the Illinois Municipal Retirement Fund for classified employees and social security contributions for applicable certified and classified employees. Revenue to finance the contributions is derived primarily from local property taxes.

### **CAPITAL PROJECTS FUNDS**

Capital projects funds account for the resources used by the District for the acquisition and/or construction of capital facilities. The Capital Projects Funds maintained by the District are as follows:

Capital Projects Fund - To account for school construction projects financed through serial bond issues and government grants.

Fire Prevention and Safety Fund - To account for resources to be used for the purpose of altering, reconstructing and repairing the existing school buildings of the District.

**School District U-46**

## **FIDUCIARY FUNDS**

### **AGENCY FUNDS**

Agency funds consist of resources held by the trustee to be expended or invested in accordance with its agency capacity. The District's many student activity accounts are classified in aggregate as an Agency Fund. This Fund is custodial in nature and does not involve measurement of results of operations. Assets are equal to the amounts due the student groups.

## **STATISTICAL SECTION**

This part of the District's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

### **Financial Trends**

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

### **Revenue Capacity**

These schedules contain information to help the reader assess the District's most significant local revenue source, property tax.

### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

#### *Sources:*

Unless otherwise noted, the information in these schedules is derived from the Annual Financial Reports and Comprehensive Annual Financial Reports for the relevant year.

Source: Annual Financial Statements 2008-2018.

Notes: The information is presented in the modified cash basis for the year 2008 and prior, and the accrual basis beginning in 2009.

\*\* Effective July 1, 2013, the District adopted provisions of Governmental Accounting Standards Board Statements No. 65 (GASB 65), *Items Previously Recorded as Assets and Liabilities*. Pursuant to GASB 65 debt issuance costs should be recognized in the period incurred as an expense. Therefore, the District retrospectively restated the Net Position of the Governmental Activities for the year 2013. For the year 2012 and prior, the Net Position has not been restated and is shown as originally reported.

\*\*\* Effective July 1, 2014, the District adopted provisions of Governmental Accounting Standards Board Statements No. 68 (GASB 68), *Accounting and Financial Reporting for Pensions*. Pursuant to GASB 68 the District recognized their long-term pension obligations and retrospectively restated the Net Position of the Governmental Activities for the year 2014. For the year 2013 and prior, the Net Position has not been restated for purposes related to GASB 68 and is shown as originally reported or restated as a result of a past GASB implementation.

\*\*\*\* Effective July 1, 2017, the District adopted provisions of Governmental Accounting Standards Board Statements No. 75 (GASB 75), *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Pursuant to GASB 75 the District recognized their long-term obligations for other post employment benefits and retrospectively restated the Net Position of the Governmental Activities for the year 2017. For the year 2016 and prior, the Net Position has not been restated for purposes related to GASB 75 and is shown as originally reported or restated as a result of a past GASB implementation.

Source: Annual Financial Statements 2008-2018.

Notes: The information is presented on the modified cash basis for the year 2008, and the accrual basis beginning in 2009.

Beginning in fiscal year 2011, payments to other governments and State on-behalf payments were allocated between instruction and support service expenses and shown accordingly. In fiscal year 2018, State on-behalf payments were reported separately again to more clearly present the change in expenses due to outside factors.

Beginning in fiscal year 2016, Operations and Maintenance expense was reported on its own row, whereas; fiscal years 2015 and prior it was included in Business expense.

Note: The information is presented on the modified cash basis for the year 2008, and the modified accrual basis beginning in 2009.

\*\* The District restated fiscal year 2016 ending fund balance in the Non-Major Governmental Funds in the amount of \$970,017 to adjust for the Illinois Municipal Retirement Fund (IMRF) payable in the Municipal Retirement/Social Security Fund. The amounts are shown above as restated.

\*\*\* Effective July 1, 2010, the District adopted the provisions of Governmental Accounting Standards Board Statement No. 54 (GASB 54), *Fund Balance Reporting and Government Fund Type Definitions*. This statement establishes fund balance classifications of Restricted, Committed, Assigned and Unassigned. Fund balances will not be classified as Reserved or Unreserved beginning in fiscal year 2011. In addition, this statement reclassified the working cash fund balance to be included within the General Fund.

Source: Annual Financial Statements 2009-2018.

Note: The information is presented on the modified cash basis for year 2008, and the modified accrual basis beginning in 2009.

\*\* The District restated fiscal year 2016 ending fund balance in the Non-Major Governmental Funds in the amount of \$970,017 to adjust for the Illinois Municipal Retirement Fund (IMRF) payable in the Municipal Retirement/Social Security Fund. The amounts are shown above as restated.

Beginning in fiscal year 2016, Operations and Maintenance expenditures was reported on a separate row, whereas, fiscal years 2015 and prior were included in Business expenditures.

Beginning in fiscal year 2016, State on-behalf payments were allocated to the different functions. This stopped in fiscal year 2018 to more clearly present the changes in revenues and expenses that are due to outside factors. The amounts shown above were reclassified to remove the allocation of the on-behalf payments to the different functions.

Source: Kane, Cook and DuPage County Clerk Tax Extension Offices

Notes: The 2017 levy year is the current levy year for the District as the property tax levy is on a calendar year in the State of Illinois. DuPage and Kane counties assess property as approximately 33.33 percent of actual value. Cook County assesses property as approximately 10 percent of actual value for residential properties and 25 percent of actual value for commercial and industrial property. Estimated actual taxable value is calculated by dividing taxable value by percentage. Tax rates are per \$100 of assessed value.

Industrial Property	Railroad Property	Total Taxable Equalized Assessed Value	Total Direct Tax Rate	Estimated Actual Taxable Value	Percentage of Est. Actual Taxable Value

Total Direct and Overlapping General Obligation Bonded Debt			<u>\$ 623,959,922</u>

(1) Excludes principal amounts of outstanding General Obligation Alternate Revenue Source Bonds which are expected to be paid from sources other than general taxation

(2) Includes original principal amounts of outstanding General Obligation Capital Appreciation Bonds

(3) Excludes outstanding Debt Certificates

(4) Includes Illinois EPA Revolving Loan Fund Bonds

(5) Excludes self-supporting bonds for which abatements are filed annually

(6) Includes self-supporting bonds

Note: The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the District's taxable assessed value that is within the government's boundaries and dividing it by the District's total taxable assessed value.
