Purpose

- Adoption of the curriculum frameworks and resources for Independent PE-1 and Independent PE-2.
 - Provide flexibility for Juniors and Seniors to choose when and where they learn about and engage in physical activity.
 - Meet the needs of Juniors and Seniors who for academic, medical, social or emotional needs desire another option for completing their physical education requirements.
- 

Rationale

- Provide common district wide learning opportunities and assessments for students in an online, teacher supervised PE class.
 - Support the need for flexible scheduling in the Career and College Pathways initiative.
 - Develop an opportunity for students to experience online learning and a choice in activities that support their fitness goals.
- 

Aligned to the

U46 STRATEGIC PLAN

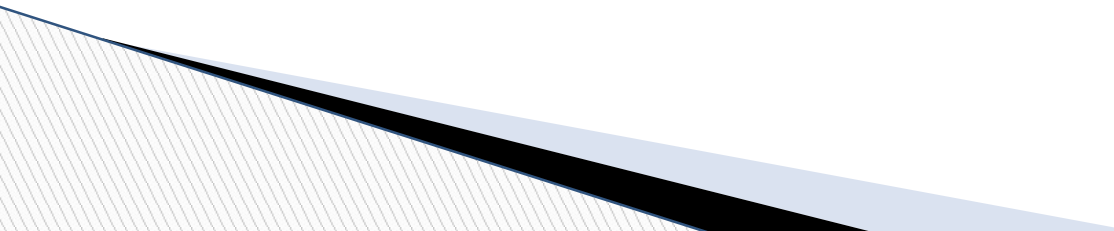

Research

School years 2013–2016	PE College Exemption	PE Medical Exemption
Total Students	2,298	331

- Fall of 2015, national data shows 5,954,121 post secondary students were enrolled in online distance education courses.
(nces.ed.gov)
- High school PE should focus on providing knowledge and skills that are aligned with a physically active lifestyle throughout adulthood.

Resources for Curriculum Mapping

Resources used to help define what a student should know and be able to do as result of a quality physical education program:

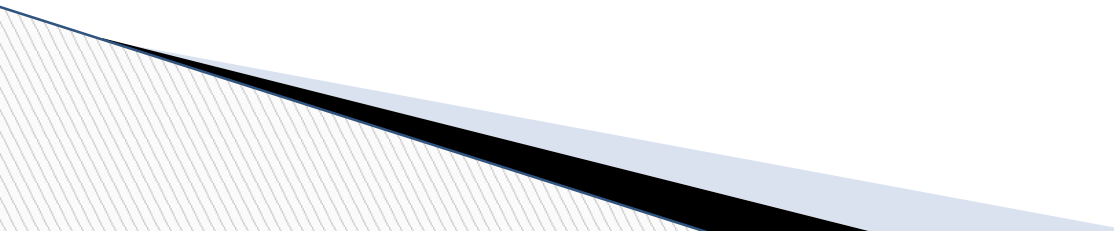

- Illinois Physical Development and Health Standards.
 - Current curriculum maps, assessments and technology used in U46 PE programs and other districts.
 - Shape America Guideline for K-12 Online PE 2018.
- 

Learning Outcomes

- ***Physical Literacy:*** Students will move with competence and confidence in a choice activity within their community that fits into their lifestyle.
 - ***Online Learning:*** Students will understand their strengths and challenges as an independent, online learner.
