

Superintendent's Weekly Newsletter

May 9, 2025

Dear Colleagues,

Like so many of our colleagues, I was deeply shocked and saddened to learn of the passing of Dr. José M. Torres, U-46 superintendent from 2008-2014. The Board of Education recognized him with a moment of silence at Monday's meeting, and I was honored to be able to publicly share the impact he had on my career.

As a leader, mentor, and education advocate, Dr. Torres embodied the values of equity, service, and humanity. I had the profound honor of being hired by Dr. Torres as the Principal of Bartlett High School and later as the Assistant Superintendent of Teaching and Learning. His belief in people—and his insistence that we lead with purpose—shaped the trajectory of my career and life and the lives of countless others, including thousands of students. Our students in U-46 who will never know this amazing man, benefit every day from this very insistence.

Dr. Torres championed programs that reflected his unwavering commitment to inclusivity and educational excellence. Our award-winning Dual Language program was launched under his leadership; it now serves more than 12,000 students in preschool through 12th grade. He established the Superintendent's Scholarship for first-generation college students, supported the creation of leadership institutes for Hispanic and African-American parents, and invested in early childhood education and programs for students with special needs. Above all, he reminded us and required that we must truly know our students—not just their academic data, but their stories, their struggles and their dreams.

He led with heart and intellect. His legacy lives on in every classroom where a child feels seen, in every family that finds a voice, and in every leader who dares to imagine a more just and compassionate world.

I will always be grateful for Dr. Torres' vision, his courage, and his wisdom. He made us all better.

If interested and able, the family encourages donations to one of the following organizations:

- The [Southern Poverty Law Center](#)—an organization aligned with Dr. Torres and his lifelong pursuit of justice and equity.
- The family also encourages donations to the [U-46 Educational Foundation's Superintendent's Scholarship](#).

May his memory be an inspiration as we strive to make each day a great day to learn in U-46.

Dr. Suzanne Johnson

Kudos to Cristina Cabrera, at Elgin High School, from Dr. Jeremy Burnham and the Entire Elgin High School Academy and School Community

We extend our heartfelt congratulations to IB Coordinator Cristina Cabrera for her decades-long dedication to Elgin High School and the International Baccalaureate (IB) Program.

On Wednesday, April 30, 2025, Elgin High School administered its first-ever IB exams—a historic milestone for our school and community. This moment would not have been possible without Ms. Cabrera's tireless leadership, unwavering commitment, and belief in the promise of the IB Program at EHS. Thank you, Ms. Cabrera, from all of us—staff and students alike—for helping turn this vision into reality.

Kudos to Tefft Middle School Custodial Team Ron Rabe and Guillermo "Filipe" Temixqueno, the Plant Operations flooring crew - Brett Roberts and Matt Kovacs, and our Level 1 IS Tech, Diego Mendez Puente, from Patricia Weithofer, and the Students and Teachers of the Tefft Middle School Computer Lab

We wanted to thank these individuals for their hard work and commitment to our building. The team saw a brief window opportunity to get the 30-year-old wearing carpet replaced with tile in the TMS Computer Lab before the school year ended. They were rock stars in completing the work in only six days. The team worked hard to ensure seamless move in and out, and they ensured we had space and learning tools available for all while we were displaced for a week. Great job guys, we appreciate you. The room is gleaming with the new floors. So many have popped in to see how great it looks.

I am a sixth grade teacher at Heritage and I want to send kudos to the fourth grade teachers for the incredible Market/Mercado they established with their classes tying in into their economics unit. This event was fun, engaging, and educational. Students had the opportunity to learn valuable lessons about managing their Eagle Tickets. Our school currency is based on positive behavior and gained insight into the hard work and creativity involved in starting their own businesses. Thank you, fourth grade team, for providing such a meaningful and memorable experience for our students!

Kudos to Jaimie Abney-Giraldo and Zach Geller, both in the Fine Arts Department, from Carolyn Dobrinich Levy, at Century Oaks Elementary School

I would like to thank Jaimie and Zach for all their help in my classroom. When I found out I would be losing half of my teaching space next year due to building renovations, I knew I needed help as I am 8 months pregnant. They immediately put me on their schedule and came over not once, but twice, to help me get rid of, sort, and condense everything - not an easy task with all of the instruments. They then rearranged every piece of furniture and moved the instruments for me. I am incredibly grateful and could not have done this without you two!
