[Account Help](#)

Why create an account?

With a College Board account, you can access your SAT and AP scores online, and send them to colleges. You can also register for the SAT and CLEP exams, and print your SAT Admission Ticket or CLEP Registration Ticket. Additionally, an account lets you manage your personal college list, save your scholarship searches, compare costs at colleges that interest you, and more.

Look at Reading and Writing...

! Your scores indicate you are close to being on track for college readiness, but you need to continue to strengthen your skills.

Let's get you back on track, so you won't have to take noncredit courses in college. You have free, personalized recommendations waiting for you on satpractice.org.

Look at Math...

You are on track for college readiness.

Stay on track and continue your progress. Start now with your free, personalized recommendations waiting for you on satpractice.org.

Next Steps...

• Look at strengths

Interpret a linear inequality in one variable with rational coefficients that represents a context. Select the equation of a line of best fit and interpret the slope and intercept of the line in the context of the situation (when a linear model is appropriate)

Interpret sample statistics understanding and using margin of error

Solve and interpret a quadratic function or equation that represents a context and requires multiple steps

Calculate and interpret frequency distributions using tables and other representational methods

• Look at weaknesses

Determine how a graph may be affected by a change to its equation

Determine the value of a constant or coefficient for an equation with no solution or infinitely many solutions

Using a specified model, make a prediction and compare the predicted values with the actual values in the data set

Within a context, compare the center of two separate data sets with different spreads

Determine whether two events are independent given their probabilities

National Merit Scholarship Corporation

National Merit Scholarship Corporation (NMSC) conducts the National Merit Scholarship Program, an exclusive competition for recognition and college scholarships. To designate students who qualify for recognition in its 2018 competition, NMSC will consider the 2015 PSAT/NMSQT® Selection Index scores of some 1.6 million test-takers locally. High school juniors who meet program entry requirements. For more information, please visit: www.nmsc.org.

If any of your responses to NMSC's "Entry Requirements" questions (see right-hand column) are inaccurate or there has been a change in plans that may affect program entry, write immediately to:

National Merit Scholarship Corporation
 Attn: Scholarship Administration
 1550 Sherman Avenue, Suite 200
 Evanston, IL 60201-4887

Include your name and home address along with your high school name, address, and six-digit code number.

Your NMSC Selection Index

139

NMSC uses a Selection Index based on PSAT/NMSQT scores as an initial screen of students who enter its scholarship programs. To calculate your Selection Index, divide the sum of your Reading, Writing and Language, and Math Test scores.

Eligibility Information

If your Selection Index places you among the 50,000 high scorers who qualify for National Merit Scholarship Program recognition, you will be notified next September.

Entry Requirements

Information you provided on your answer sheet:

High school student: **YES**

Year to complete high school and enroll full-time in college: **2018**

Years to be spent in grades 9-12: **4**

U.S. Citizenship: **YES**

Your Scores: Next Steps

Additional skills and improvement suggestions can be found in your online score report.

<p>Your score indicates that you are already likely able to:</p> <ul style="list-style-type: none"> Revise text as needed to improve the exactness or content appropriateness of word choices within somewhat challenging texts Revise or add information or ideas to a piece of a text to support claims or points in somewhat challenging text Revise somewhat challenging text to ensure that information is presented in the most logical order 	<p>Reading Test</p> <p>23 8 to 38</p> <p>Improve your skills by focusing on the following suggestions:</p> <ul style="list-style-type: none"> Retain or add information or ideas to a piece of text to support claims or points in challenging text Use a variety of sentence structures to accomplish a rhetorical purpose such as persuading an audience Revise text as needed to improve the exactness or content appropriateness of word choices within challenging texts

Becoming FAMILIAR with your ~~SCORE~~ skills

Review your next steps and reflect on your skills by using one of the following marks:

+ = I agree this is a strength (or weakness)
- = I did not know this is a strength (or weakness)
? = I don't understand this statement

National Merit Scholarship Corporation

National Merit Scholarship Corporation (NMSC) conducts the National Merit Scholarship Program, an excellent competition for recognition and college scholarships. To designate students who qualify for recognition in its 2018 competition, NMSC will consider the 2018 PSAT/NMSQT® Selection Index scores of some 1.6 million test-takers locally. High school juniors who meet program entry requirements. For more information, please visit: www.nationalmerit.org.

If any of your responses to NMSC's "Entry Requirements" questions (see right-hand column) are inaccurate or there has been a change in plans that may affect program entry, write immediately to:

National Merit Scholarship Corporation
Attn: Scholarship Administration
1560 Sherman Avenue, Suite 200
Evanston, IL 60201-4887

Include your name and home address along with your high school name, address, and six-digit code number.

Your NMSC Selection Index
139

NMSC uses a Selection Index based on PSAT/NMSQT scores as an initial screen of students who enter the scholarship programs. To calculate your Selection Index, divide the sum of your Reading, Writing and Language, and Math Test scores.

Eligibility Information
If your Selection Index places you among the 50,000 high scorers who qualify for National Merit Scholarship Program recognition, you will be notified next September.

Entry Requirements
Information you provided on your answer sheet:
High school student:
YES
Year to complete high school and enroll full-time in college:
2018
Years to be spent in grades 9-12:
4
U.S. Citizenship:
YES

Your Scores: Next Steps
Additional skills and improvement suggestions can be found in your online score report.

Your score indicates that you are already likely able to:

Reading Test
23
8 to 38

Improve your skills by focusing on the following suggestions:

- Revise text as needed to improve the exactness or content appropriateness of word choices within somewhat challenging texts
- Retain or add information or ideas to a piece of a text to support claims or points in somewhat challenging text
- Revise somewhat challenging text to ensure that information is presented in the most logical order
- Retain or add information or ideas to a piece of text to support claims or points in challenging text
- Use a variety of sentence structures to accomplish a rhetorical purpose such as persuading an audience
- Revise text as needed to improve the exactness or content appropriateness of word choices within challenging texts

Writing and Language Test

- Draw reasonable conclusions from somewhat challenging texts
- Describe the overall structure of a somewhat challenging text
- Identify claims and counterclaims explicitly stated in a somewhat challenging passage
- Draw reasonable inferences and logical conclusions from challenging texts
- Analyze information presented quantitatively in such forms as graphs, tables, and charts and relate that information to information presented in somewhat challenging text
- Determine how the selection of specific words shapes meaning and tone in a challenging passage

Math Test

- Interpret a linear inequality in one variable with rational coefficients that represents a context. Select the equation of a line of best fit and interpret the slope and intercept of the line in the context of the situation (when a linear model is appropriate)
- Interpret sample statistics understanding and using margin of error
- Solve and interpret a quadratic function or equation that represents a context and requires multiple steps
- Calculate and interpret frequency distributions using tables and other representational methods
- Determine how a graph may be affected by a change to its equation
- Determine the value of a constant or coefficient for an equation with no solution or infinitely many solutions
- Using a specified model, make a prediction and compare the predicted values with the actual values in the data set
- Within a context, compare the center of two separate data sets with different spreads
- Determine whether two events are independent given their probabilities
