Purpose

This proposal is seeking approval for the curriculum, assessments, rubrics, and resources for the Heritage Spanish language curriculum.

This curriculum program will prepare students with *Spanish experience in the home but little or no formal education in Spanish language*.

The program will prepare Heritage Spanish students to take AP Spanish Language and Culture and, if time in their school schedule permits, AP Spanish Language or Dual Credit Spanish offerings through Elgin Community College.

Alignment to Strategic Plan

Rationale

- The current Heritage Spanish language curriculum is not standards-based and has resources that are over 13 years old.
- This curriculum is aligned to the:
 - Illinois State Educational Learning Standards,
 - The World Readiness Standards for Language Learning from the American Council on the Teaching of Foreign Language, and
 - College Board's 6 Advanced Placement language themes.
- This curriculum revises the standards, curriculum design, and resources for students and teachers. Additionally, it guarantees rigor and a common learning experience across the district.
- Provides guidance for the most appropriate Heritage Spanish course level and how the program complements our Dual Language program.

Process

- Mapping the Curriculum and Writing Assessments/Rubrics
- Professional Development Team Feedback
- Curriculum and Instruction Plus Team Feedback
- Instructional Cabinet Feedback
- Instructional Council Steering/Instructional Council Feedback
- Board of Education Presentation

- The limited number of students currently enrolled in school year 2020-2021 Heritage Spanish 7/8 should be placed in AP Spanish Language and Culture
