GENERAL INFORMATION

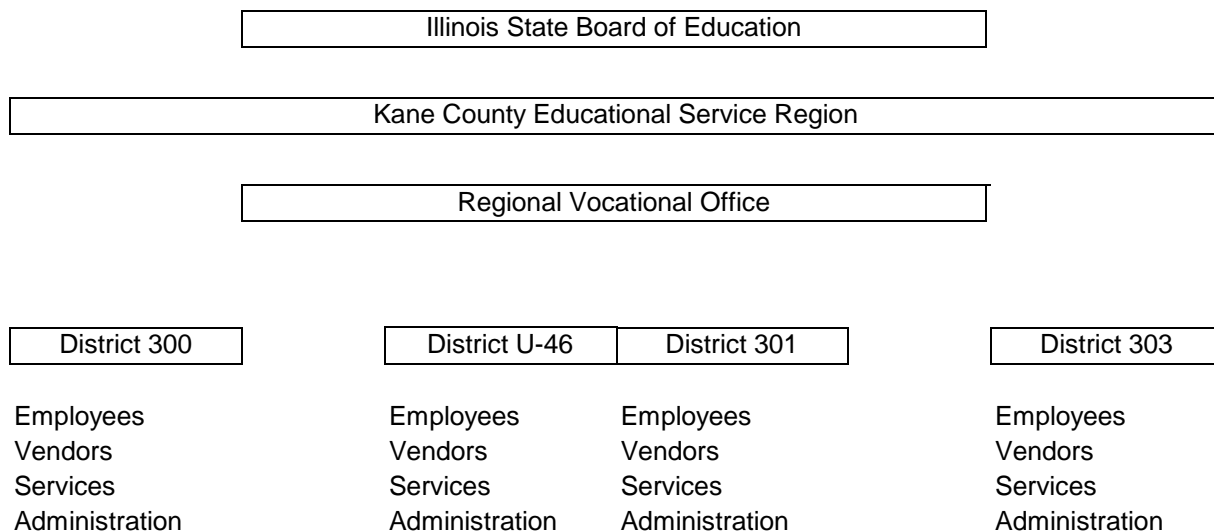

Revenues

The Regional Vocational Revenues represent the vocational funding for Districts U-46, 300, 301 and 303. These dollars come to the region and, in turn, are distributed to the member districts. Specific revenues are the state education for employment reimbursement, program improvement grant, the regional money for program administration, and the Perkins federal grant.

Expenditures

Member districts are reimbursed by the Region for expenditures incurred for delivery of vocational programs. This delivery includes regular vocational education, program administration and other support services. Because Regional dollars are flow-through amounts, only one Expenditure line item is necessary.
