Welcome
We publish Google's Terms of Service so that you know what to expect as you use our services. By clicking 'I Agree,' you agree to these terms.
And remember, Google's Privacy Policy describes how Google handles information generated as you use Google services. You can always visit your Google Account (account.google.com) to take a Privacy Checkup or to adjust your privacy controls.

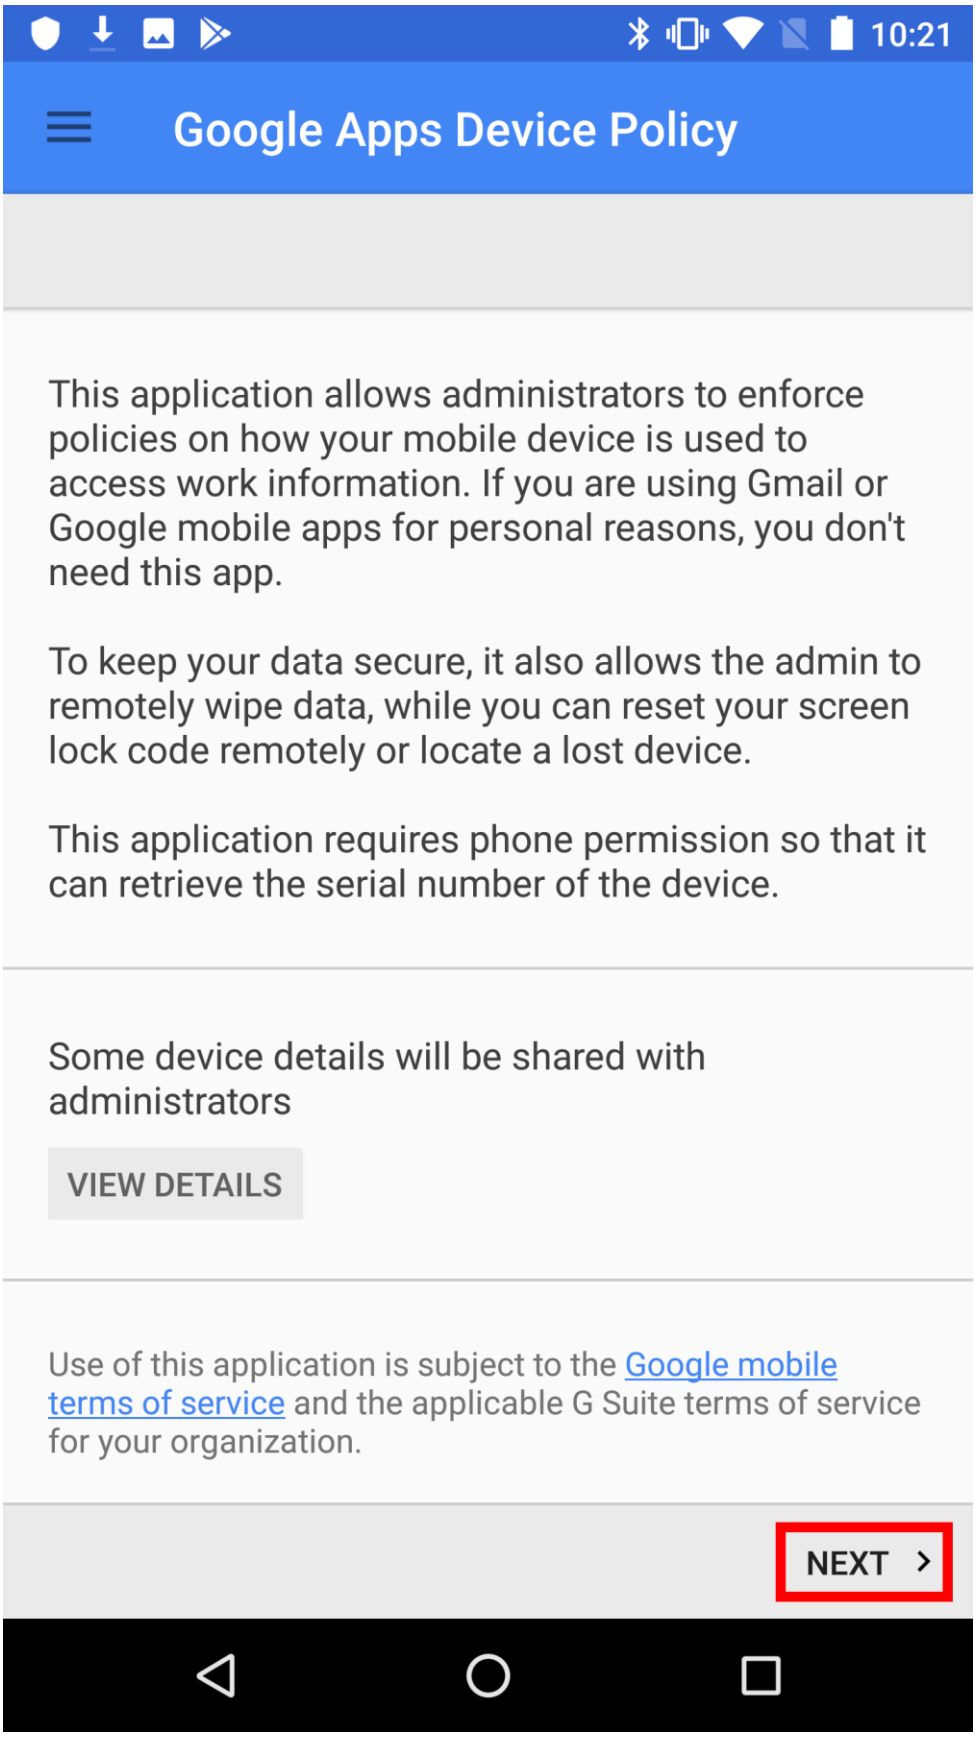
INSTALL



10:21
Google Apps Device Policy
This application allows administrators to enforce policies on how your mobile device is used to access work information. If you are using Gmail or Google mobile apps for personal reasons, you don't need this app.
To keep your data secure, it also allows the admin to remotely wipe data, while you can reset your screen lock code remotely or locate a lost device.
This application requires phone permission so that it can retrieve the serial number of the device.
Some device details will be shared with administrators
VIEW DETAILS
Use of this application is subject to the Google mobile terms of service and the applicable G Suite terms of service for your organization.
